Important Financial Information. Please read this carefully.

1. The current cost of attending Nyack College (the college account or bill) for the traditional undergraduate program, one nine-month academic year is approximately **\$23,150** (Please keep in mind that this figure is subject to minor changes without prior notification).
2. The United States government requires that students also demonstrate ability to cover related academic costs; therefore students need to show a total support of **\$25,410 per year to cover this estimated total budget**. This includes tuition and fees, and room and board, and non-college bill costs such as travel, books, or costs of living during periods when the school is closed.
3. Modest financial aid is available once you are accepted to the college. The yearly award will be stated in writing after you are accepted to the college and before you enroll for courses.
4. Any on-campus employment cannot be counted as part of this support.
5. US immigration law restricts off-campus work opportunities, and on-campus work opportunities *may* be available to you but are *not guaranteed*.

Our office requires only faxes of financial documents, affidavits and I-20's (fax these to **845-358-3047**).
