TWO NEW MAGAZINES

Bailey Library’s leisure reading magazine racks now contain a couple great magazines you may wish to read. They are Bride’s and Car & Driver.

Bride’s is a huge magazine full of glossy photos, and has already become a hit here in the library. Car & Driver is a car enthusiast’s magazine with an edge. Their reviews on new cars are opinionated, not bland, and there are sometimes special articles on vehicles you may not see on the road every day: huge earth moving machinery, Space Shuttle movers, etc. Car & Driver is the next best thing to an extended test drive.

The Jesus Factor (Video Review)

We watch our presidents end their speeches with, “God bless America,” but we rarely get an in-depth opportunity to scrutinize their faith and how it affects their presidencies. In the case of President George W. Bush The Jesus Factor, a sixty-minute-long PBS Frontline documentary, does just that. This balanced, probing documentary takes one back to the personal crisis that led to George W. Bush’s decision for Christ and then proceeds to show how his faith affected him on the campaign trail, as Governor of Texas, and as President of the United States. Bottom Line: both my wife and I found this video very interesting. Its call number is VR973.93 J49.
