Sing joyfully to the LORD, you righteous; it is fitting for the upright to praise him. Praise the LORD with the harp; make music to him on the ten-stringed lyre. Sing to him a new song; play skillfully, and shout for joy. Psalm 33: 1-3

Music students are expected to meet the curricular requirements outlined in this Music Handbook, which is a departmental extension of the Nyack College catalog.

The *School of Music Student Handbook* may also be found on the Nyack College website.
PREFACE

The School of Music Student Handbook is written as a guide for students majoring in the study of music at Nyack College. Each year the school makes continued efforts to enhance the program of study. The School of Music Student Handbook is updated every two years, and copies are made available to all music majors at the beginning of the fall semester. The contents of this handbook, along with the Nyack College Catalog, are to be studied and referred to concerning questions relating to the music program. Students are responsible for the contents of this document and will be expected to meet the various curricular requirements.

NYACK COLLEGE MISSION STATEMENT & PHILOSOPHY OF EDUCATION

VISION STATEMENT, NCNYC

We on the Manhattan campus share a mission statement with the Rockland campus, which you have just read. With our sister campus we also share regulations governing the School of Music. These regulations are based upon the practice of colleges accredited by the National Association of Schools of Music and by other accrediting agencies. Such regulations are stated within this Handbook and must be followed, with few adaptations, by all Nyack campuses.

Nevertheless, located as we are within the City of Manhattan, attended by many commuters and others who desire to experience the urban environment unique to this world center of culture, the School of Music at NCNYC has a vision and emphasis of its own. This vision, expressed in the classes offered by our outstanding faculty, takes shape within our major programs. Our vision is nurtured by the exciting surroundings of this city, and is refreshed and inspired by the talents and enthusiasm that our students bring to our campus.

Nyack students who major in music are given an introduction to classical music and to its wholesome discipline. Where that experience leads upon graduation is entirely up to the student. We encourage excellence in classical music, jazz, and contemporary and traditional Christian music. Undergirding improvisational and creative expression is a strong theoretical and historical background. Of all our students, we urge musical and verbal literacy, so that they can graduate as well-educated, mature people, prepared to serve wherever they are called. The vision as here presented offers both a platform for ongoing discussion and a common purpose to which we, as Christian musicians and educators, can commonly ascribe.

Our desire is that the learning techniques mastered within this four-year program will last many of our students throughout their lifetime, so that we may all be life-long learners with the ability to use our practice and study time efficiently and well. If, while preparing future graduates in the best way we know how, we equip our students with the art of learning how to learn, we will have done a great service to them, no matter where their future roads may lead.

MUSIC PROGRAM

The School of Music provides professional training for qualified students in the following degree programs:

- Associate of Science in Music
- Bachelor of Arts in Music
- Bachelor of Music in Composition
- Bachelor of Music in Music Education
- Bachelor of Music in Performance: Instrumental, Piano, Organ or Voice
- Bachelor of Science in Music in Worship

All curricula stress sound musicianship, active musical experience, knowledge of theoretical and practical issues in the field of specialization, acquaintance with professional literature, both sacred and secular, as well as responsible participation in all phases of instruction. Graduates will have prepared for careers as performers, ministers of music, organists and choir directors, composers and teachers of music in public and private elementary and secondary schools. Graduates may also be qualified for advanced studies in graduate schools.

ADMISSION TO THE PROGRAM

All students, freshman and transfer, are admitted to the music program on the basis of an audition, applied teacher recommendation and written essay. If an applied teacher recommendation is not possible before the program is started, it must be obtained from the Nyack private instructor after one semester of applied studies. The audition is generally scheduled following the student’s acceptance by the college.

Prospective music majors may, upon request, audition for the music faculty prior to submitting an application for admission to the college, but they cannot be admitted to the program prior to their admission to Nyack. Prospective students who reside within a 200-mile radius of the college are requested to audition in person before the music faculty. Prospective students living outside the 200-mile radius may submit a recorded audition (audio or video) for review by the music faculty.

ADVANCED PLACEMENT

Placement tests in music theory, ear training and sight-singing are given to all new music majors during or before Freshman Orientation. Students who display competence in any of these areas may ask that one or both semesters of the first year courses be waived:

- AP exam with separate sub-scores for Music Theory and Aural Skills:
  - Score of 3-5 on AP Music Theory exam = MUS 123 Music Theory I (3 credits)
  - Score of 3-5 on AP Aural Skills exam = MUS 121 Ear Training/S.S. I (1 credit)

Note: Students with AP Music Theory credits are still required to take Nyack’s music theory and ear training placement exams. In some cases, students may be required to take freshman theory or ear training even though they also receive AP credits. Such AP credits would count as electives. On the other hand, students with a score of 3-5 on the AP exam, and who test very high on Nyack’s placement exams, may receive up to 8 credits in theory and ear training upon the recommendation of the music faculty. Music Education majors with a strong piano background may also waive the beginning Functional Piano courses by audition. For more information, contact the Dean of the School of Music.
APPLIED MUSIC REQUIREMENTS FOR MUSIC MAJORS

All music majors (except students in the B.A. in Music program) are required to satisfy a certain level of performance in addition to the completion of the minimum number of credits in applied music. Occasionally this may require taking additional credits of applied music to achieve the graduation standard. Students enrolled in the Performance and Music Education degree programs are required to fulfill applied major requirements. Applied minor study is recommended and optional. Composition majors are required to fulfill the second year level in their applied major instrument. Instrumental and Piano Performance majors must also complete the Concerto requirement (MUS 476) as described in the Music Handbook. All concertos must be memorized to receive credit. Performance majors will present a Junior Recital in their third year, 30-40 minutes of music, and a Senior Recital in the fourth year, 60-75 minutes of music. Students enrolled in Music Education are required to present a Senior Recital of 30-40 minutes of music in length prior to graduation.

STUDIO CLASS

Studio Class, MUS 159, will be a required co-requisite for applied lessons for all full-time BM, BS, and MusEd students. Each student is required to attend 8 sessions each semester unless the requirement is waived by the Dean of the School of Music. Attendance is not required in a semester when students that are doing their student teaching. BA in Music, AS in Music, and students who are not music majors enrolled in applied lessons are encouraged, but not required, to take Studio Class.

PRIVATE LESSONS

Music majors normally register for 60 minute lessons (2 credits) in their major performing area each semester. BA students can register for 30 minute or 1 credit lessons each semester. BM students must register for 2 credits during the preparation of a junior or senior recital plus one credit for the recital. The private lesson instructors assign semester grades which reflect the student’s progress and performance. Applied instruction is an integral part of the overall program for each student. Adequate practice time needs to be scheduled to assure progress in both the major and minor areas.

The following guidelines are considered to be the minimum:
1 credit per semester 4-6 hours of practice per week
2 credits per semester 8-12 hours of practice per week

It is the responsibility of the student to purchase any and all music scores required by the instructor as soon as they are assigned. Students will be assigned specific mandatory hours in our on-campus practice rooms. Students are expected to adhere to their scheduled time for private lessons. Attendance at all private lessons is mandatory and absolutely no unexcused absences or “cuts” are allowed. The following policies will help in planning for your lessons each semester:

WEEKLY LESSON GUIDELINES

- If students miss lessons for any reason without notifying the teacher 8 hours in advance, the lesson is not made up. Teachers must assign a zero grade for lesson cuts.
- The student and teacher should establish the method for communicating with each other (text message or phone—please obtain the professor's cell phone number) at the first lesson each semester. Students are responsible for responding to their teacher’s communications.
- If students or teachers miss lessons due to illness, required field trips, or professional commitments, it is up to the teacher to schedule makeup lessons. Students must supply documentation for illness (from the doctor) or field trip participation (from the professor).
Students need to complete 12 lessons per semester or 11 lessons and 1 master class in order to receive credit for private lessons.

Performance Majors must sign up for practice rooms and use them at least for the minimum time required (above) for their major instrument or voice. Please see the Music Office to schedule. Students who have practice facilities in their home must sign up for at least 2 hours per week on campus. Other students may sign up for available hours as well. Organ majors must sign up to practice the instrument in Room 2241. The most important “teaching” is self-teaching and the art of practicing is one which must be mastered by every serious musician.

“Left over” make up lessons may be scheduled during final exam week when necessary, and rarely, if there is an extended illness, at the beginning of the next semester.

APPLIED PIANO, FUNCTIONAL PIANO, AND PIANO PROFICIENCY (BM, BMusEd, BS)

Functional Piano (MUS 101, 102, 201, 202) classes prepare Mus Ed majors to accompany in the school classroom. Functional Piano also serves as a preparation for BM and BS students (non-piano major) needing MUS 477, as well as MusEd students who are not piano or organ majors.

Piano Minors study privately and are required to demonstrate piano skills approximately equivalent to the first-year level required for piano majors as described in the School of Music Handbook.

Piano Proficiency in All Degree Programs (MUS 477), is the minimum level of piano skill required for all music majors in the professional degree programs (BM, MusEd) who are not majoring in piano, organ, or harpsichord. Students may need to study privately or take Functional Piano for a few semesters to achieve the piano proficiency level as described in the School of Music Handbook. Those students completing four semesters of Functional Piano, with a minimum grade of B in MUS 201, are not required to pass MUS 477. (Note: Students having a piano background may take the Piano Proficiency Exam upon request during any semester.)

Applied Piano Lessons, besides being required for all majors, may provide an opportunity for the non-piano student to augment the performance and accompanying requirement of Mus 477. The School of Music also provides private piano instructions for students in non-keyboard majors to prepare for the supplemental requirement of Mus 477 besides the curriculum of functional piano. These lessons are not required but are strongly recommended for students in order to reach the best results in MUS 477.

Technical and Repertory Requirements for Piano Proficiency (MUS 477)

Students are required to begin working on this essential knowledge in their Freshman year.

- Students are required to perform by memory one octave scales in all keys (major and harmonic minor), hands separately two notes to a beat (minimum = 50), two octaves in all keys, hands separately and together.
- Students are also required to play the chord progression/cadences for tonic-predominant-dominant-tonic exercise in all keys (major and minor). Students are encouraged to play by memory. A sample of required cadences is available upon request.

Solo Repertoire:

Choose one piece from the following list or compositions equivalent in difficulty:

- **Anthology of Baroque Keyboard Music** (ISBN 10: 0882849433)
- **Anthology of Classical Piano Music** (ISBN 10: 0739013661)
Accompanying Skills:

Voice majors: simple art song accompaniment, a 4-part hymn, various vocal exercises (A sample of the required vocal exercises is available upon request).

Instrumental majors – simple instrumental accompaniment (e.g., Suzuki Level 1 or 2, or a 4-part hymn)

Composition majors – student’s own original accompaniment, a 4-part hymn.

Music Education major – a simple melody or a 4-part hymn, played and transposed up or down from half step to the interval of minor 3rd, and various vocalise exercises (A sample of the notated vocalize exercises is available upon request).

Jury Requirements: Piano Proficiency juries are required to be taken beginning in the spring semester of the sophomore year until the minimum proficiency level is satisfied. However, students may request to take Piano Proficiency juries early if they wish to satisfy the requirements. Sheet music may be used for the jury exam. The music faculty will determine if the student has satisfied the proficiency level requirement in piano on the basis of the jury examination. Those students completing all four functional piano classes, with a minimum grade of B, are not required to take the jury.

JURY EXAMS

Beginning in 2014, Juries, after the first semester, will receive a letter grade. All music majors will take a jury exam during the first four semesters of their study of music. The first semester jury may be waived by the School of Music Dean and a level of expertise in the jury at the end of the sophomore year will determine admittance to the BM and MusEd degrees. Please see the required benchmarks in this handbook. Music majors enrolled in a professional music degree program (BM or MusEd) are required to satisfy a certain level of performance, as described in this handbook, in addition to the completion of the minimum number of credits in applied music. In some cases, this will require additional hours of applied music.

Music majors (except those in the BA and BS programs) are required to perform jury exams in their major area at the end of each semester. BS and BA candidates must take a jury once a year, in their junior and senior years, usually in the spring semester. BA and BS or part time students are not required to take a jury if they are not taking applied lessons. Juries are normally scheduled at the beginning of the final exam period. Students will receive an “F” grade if they do not perform their jury exam. The “F” will automatically change to FX if the jury is not made up within the allotted time limit. In the cases of illness and dire emergencies, the private lesson teacher may submit a written recommendation and request for a jury postponement to the Music Office. This request should include supportive information from the proper authorities. A make-up jury may then be scheduled in the beginning of the following semester. Students performing a junior or senior recital perform a recital jury four to six weeks prior to the recital. (For detailed information see Student Handbook.) Any student that receives an “F” grade twice in succession will be asked to change their major.

Piano and voice juries are to be performed by memory. All concertos must be performed from memory in all instruments, unless waived by the Dean, in consultation with the applied music instructor. The jury form is to be typed and five copies brought to the jury exam. It is the responsibility of the student to have all forms thoroughly prepared for the jury exam, as no incomplete forms will be accepted under any circumstances. Jury forms may be obtained from the Music Office. The information listed under each
major will serve as a general guide to the levels of competence that are expected in each area of performance.

**STUDENT ADVISEMENT**

Students majoring in music are assigned an advisor by the Dean of the School of Music during the fall semester of the freshman year. This advisor is usually a full-time faculty member, or assigned adjunct instructor, who serves as the academic advisor and will counsel the music student throughout their course of study at Nyack College. While all changes in registration require the signature of the faculty advisor, **it is the primary responsibility of the student** to maintain comprehensive files of academic progress and accept full responsibility for completing all degree requirements. The student’s personal advisement file should include:

- Registration forms.
- Grade reports from each semester at Nyack College.
- Any and all in-house documentation and correspondence affecting course of study, including medical exemptions, outside work requirements, etc.
- Recital programs for all performances by the student, including group recitals.
- Projections for course completion at Nyack College leading to graduation, found in CampusVue.
- All documentation as a transfer student to Nyack College including a copy of the transcript from the former school.
- The catalog and this Handbook are the official statements of curricular requirements and Campus Vue is only a guide, or synthesis, of your progress toward completion of your degree.

**Music Major Required Benchmarks beginning with the 2014-2015 Catalog**

The first four semesters for all majors in music have almost identical requirements as seen in the four year plans in the catalog. The Dean of the School of Music, in consultation with the music faculty, may reassign a student to any desired major at the beginning of a semester or at the completion of their jury exams, at any time when the level of expertise has been reached. Meeting minimum performance standards and satisfying academic requirements will determine their continuance for the various music majors. Music Education students will be accepted after their third semester as BMusEd candidates. Students need to earn a “B” grade in MUS 111 to continue on to MUS 123. The minimum grades below are needed to continue to the next level of a sequential class such as music theory or functional piano. If the required grade is not achieved the class will need to be repeated.

General Benchmark Requirements:

- a minimum GPA of 2.75 in music classes to graduate for a BA or BS degree
- a minimum GPA of 3.0 in music classes for BMusEd
- a minimum GPA of 3.0 in Education classes for BMusEd
- a minimum GPA of 3.0 to graduate with a BMusEd degree
- a minimum GPA of 3.0 to graduate with a BM degree
- a minimum GPA of 3.25 in music classes to graduate with a BM degree
- MUS 477-Piano Proficiency Required for all BM and BMusEd candidates not finishing MUS 202 with a B

Additional suggestions and requirements for a music major beginning in 2014-2015 and later:

1. All students will take a jury each semester, their first two years. After the first two years, only those students taking applied lessons are required to take a jury.
2. All students with any intention of changing to the professional degrees MUST take 2 credits of applied lessons their first two years in order to finish their requirement in a timely manner.
3. MUS 101 and 102, Functional Piano, will be required of all music students. Piano majors will be excused and may substitute music electives.
4. MUS 477, Piano Proficiency, must be passed at the end of the sophomore year for all music candidates aspiring to Music Education or Bachelor of Music degrees. *(Unless MUS 202 has been completed with a B)*
5. No Music History should be taken until the sophomore year, as it is not required for the BS or AS degrees, and **College Writing II will be pre-requisite** to take Music History 319 and 320.
6. Jury exams will be once a year after the sophomore year, if the candidate does not continue to the BM or BMusEd degree and only is for a fulltime student taking applied lessons.
7. The BA elective requirements, and two year program, will be modified the catalog two-year plan, in consultation with the Developmental Studies faculties. **Probationary students will be admitted to AA or AS programs and will become eligible for a four-year program upon successful completion of the required benchmarks.**
8. Juries (excepting the jury of the student’s first semester) will have a letter grade instead of P/F as part of the required benchmark.
9. **Students will be allowed to repeat a class no more than twice if the benchmark is not met.**
10. MUS 237, Acting for the Musical Stage, will be strongly recommended for the BM in vocal performance, as well as for BS students who aspire to church ministries.
11. MUS 111, Basic Music Theory, and MUS 112, Basic Ear Training, if required by examination, will be offered as a fast-track class as part of the Fall Schedule. A grade of B will be necessary in MUS 111 and 112 to continue to Music Theory I and Ear Training I.
12. Two semesters of Italian, German, or French are required for all BM candidates.

**DEGREE OFFERINGS, DEGREE REQUIREMENTS, & RECOMMENDED REPERTORY:**

*Please refer your catalog for information regarding specific course details and program sequences.*

**New Applied Credit and Alternative Recital Repertoire for all Music Majors, Beginning in 2014-2015**

Beginning in 2014 and applied retroactively for the BA, AS, BS, and BM degrees in all catalog years, the following alternatives will be allowed for applied lessons and in the planning of junior and senior recitals.

Currently the catalog has the following requirements:

The AS degree requires 4 credits of applied lessons, in any combination of instruments, including improvisational studies.
The BA and BS degrees require 8 credits of applied lessons, in any combination of instruments. If a concentration for the BS degree is chosen, then an additional 4 credits of applied lessons, which include applied conducting, may be taken.
The BM Performance degree requires 18 credits of applied lessons, with 16 credits in the same discipline and 1 credit each for the junior and senior recitals.
The BMusEd degree requires 14 credits of applied music in the same discipline and 0 credits for the senior recital, which is 30 (minimum) to 45 minutes (maximum) in length.

As of 2014-2015 the above requirements will be changed as follows:

1. In consultation with the Dean and the applied instructors, selected students will be allowed to include from four to six credits of specialized lessons for their applied music credits. The junior and senior recitals will be modified with the approval of the Dean, only if applied lessons in the specialty field are taken. **Students are required to take applied lessons on their instrument for a minimum of three semesters before an Improvisational lesson is allowed,** unless approved by the Dean. Students may, if they wish, take additional credits of Improvisational studies. **During the recital semester, at least 1 credit of classical lessons must be taken, along with 1 credit of Improvisational studies. The 12 half-hour lessons may be changed to 8 forty-five minute lessons with the lessons distributed as evenly as possible throughout the semester.**

2. Instrumentalists and jazz singers may substitute four to six credits of MUS 146, Improvisational Studies, after 3 to 4 semesters of vocal lessons. Singers also have the option of using four to six credits of MUS 156, Gospel Music Improvisation, or MUS 400, Vocal Music for the Broadway Theater, as an applied lesson.

3. With permission of their regular instructor, guitarists desiring focus in the area of Early Music may elect two semesters of Renaissance or Baroque plucked instruments in lieu of their classical guitar lesson, permitting them to take Theorbo, Lute, or Viol, for example. During the recital
semester in particular, at least 1 credit of the major instrument and 1 credit of a secondary instrument should taken, as outlined above.

4. A minor, requiring 8 credits of applied lessons in improvisational studies, may be taken, in addition to a regular course of study.

5. Students performing Junior recitals, as well as those performing MusED senior recitals, if MUS146, 156, or MUS400 (Broadway) are taken, may present 3-4 selections or approximately 10 minutes’ Jazz, Gospel, or Broadway music in the course of a half-hour recital, in lieu of classical repertory.

6. Senior recital in like manner may substitute 30-50% of their selections for classical repertory in consultation with the applied teachers and the Dean or the coordinator of the vocal department for vocal students. The final programs for the junior and senior recitals will need to be approved with the specific languages and styles considered and for the best needs of the students involved. In all recitals, the classical repertory will need to show a variety of periods of composition and, for vocalists, a minimum of three languages. The selections are to be coached and approved by the appropriate faculty person and are expected to be performed at a high level of both preparation and difficulty.

BACHELOR OF MUSIC IN MUSIC EDUCATION

The Music Education major is designed for the training of teachers in elementary and secondary school music in accordance with the requirements of the Division of Teacher Education and Certification of the Department of Higher Education of the State of New York. In New York, permanent certification for teaching in the public schools is open only to those holding a master’s degree and having two years teaching experience; this curriculum, therefore, leads to recommendation for the provisional certificate for teaching (K-12) in the elementary, middle and high schools of New York. The State of New York certification procedures require that recommended students make personal application for this provisional certificate. The State of New York also requires that periodic testing administered for and that students demonstrate competency by passing these tests—list and reward students will receive individualized programs detailing required examinations and dates of administration. Education students must pass these tests in order to be admitted to upper division classes.

Graduates are also qualified to teach music on the mission field in schools for children of missionaries and government officials. The teacher education program of Nyack College has been approved by the Certification Commission of the Association of Christian Schools International (ACSI) for the preparation of teachers for ministry in Christian school education. MUS.ED – VOCAL MAJOR

Students enrolled in a four-year course of study in Music Education, whose major instrument is voice, will audition for the faculty of the School of Music upon matriculation or at the end of semester juries, with the same requirements as the vocal performance major. The faculty will determine if the candidate’s skills are sufficient to complete the professional major’s requirements. Students will be assessed for their progress at their jury examination in both fall and spring semesters. The singer will be required to complete the vocal performance repertory requirements of three years of study in four years. Each student will learn the five songs required each semester and students who receive two (2) consecutive failures in their jury examinations will be dropped as a Mus.Ed candidate. Students are required to take a one hour, or 2 credit lesson each semester, excepting the semester in which they are student teaching. All of the piano classes or four semesters of private piano instruction are required, plus either guitar or Baroque recorder class, for the Mus.Ed vocal major.

SENIOR RECITAL VOCAL REQUIREMENTS FOR THE MUS.ED CANDIDATE

Usually students in their fourth year will be required to present their Senior Recital. Many of the procedures for the vocal performance major’s Junior Recital will be followed with the changes noted
below. The same skill level as a vocal performance junior recital is expected from each senior recitalist in the Mus.Ed program, including the option to add an improvisational music section as described above.

- The program must be shared and will consist of a minimum of 30 and a maximum of 45 minutes of new music (about 10-12 songs).
- All four compositional periods for the Mus.Ed student must be represented.
- Mus.Ed students will present selections in four languages.
- Extensive program notes and translations should be included in the program for all Mus.Ed candidates.
- Eight to nine art songs, in three groups, with the same composer for each group, in different styles, languages, and periods, are required.
- One group of songs must be from the Romantic period.
- Only one opera aria and one oratorio aria or two of either is allowed.
- Encores should be approved by the Applied teacher ahead of the recital.

GENERAL REQUIREMENTS FOR ALL VOCAL MAJORS

**Introduction:** Repertory will be assigned appropriate for the age and ability of the singer and his or her accompanist and all repertory must be approved by the teacher. All vocal students, are required to perform in a recital and take a jury once a year, as long as they are taking lessons. Vocal performance and Music Education majors are required to perform in a recital and participate in juries each semester. Your grade will be reduced if you do not perform in a student recital. All songs learned will be listed on the jury forms. In the first semester of study, the jury might be waived, with the permission of the instructor and the coordinator of the vocal program. However, certain repertory goals need to be attained for each year and are required for the vocal majors offered at Nyack College. Each student should have five songs memorized each semester for a one-hour lesson (2 cr.) and three songs for a half hour (1 cr.) lesson. If a student does not learn enough repertory, or reach the repertory requirement appropriate to their year of study, they will receive a failing grade for their jury. Students who receive two (2) consecutive failures in their jury examinations will be dropped as vocal majors.

Vocal lessons, or fundamentals of singing, (class voice Mus 103) are available to all Nyack College students. If voice is the secondary instrument, or the student is a non-major, requirements are entirely up to the teacher and no jury participation is required unless the student wishes to officially declare a voice as their minor instrument and take a minor jury.

**BS IN MUSIC IN WORSHIP AND BACHELOR OF ARTS IN MUSIC: MAJOR IN VOICE**

**Audition Guidelines:** Entering Bachelor of Arts and BS in Music in Worship, for which voice is their major instrument, may perform a selection or two of their choice commensurate with their background, ability, and interests. To be accepted into the vocal program, the student should be able to sing with a clear sound, on pitch, with good phrasing, musical perception, and with clear diction. Students should also demonstrate good communication skills.

Each student should have three songs memorized each semester. The BA and BS candidates are required to take (1 credit) ½ hour lessons each semester but often choose 2 credits or one-hour lessons, using the additional credits as music electives. Beginning in 2014-2015 all students will be encouraged to take 2 credit lessons for the first four semesters. Students also may finish their eight required total credits in fewer than eight semesters and will need to take juries only as long as they are still taking lessons, but they must take a total of eight credits of applied lessons.
As a general rule, the requirements for the four-year course of study and the jury exam are approximately equal to the first two-year repertory requirements as detailed below for vocal performance majors. Repertory will be assigned appropriate for the age and ability of the singer but will follow an individual program designed by the voice instructor. All BA and BS candidates are required to perform in a recital and prepare a jury once a year. Two (2) consecutive failures in their jury examinations will cause the student to be dropped as music major. NO RECITAL is required for the BS or BA degrees but students may present one if they wish with faculty approval.

Bachelor of Music in Vocal Performance (BM)

Audition Guidelines: Students auditioning for a professional degree, the Bachelor of Music in Vocal Performance, or for the BM in Music Education, must show exceptional promise and talent, and good musicianship skills. A candidate should prepare five songs contrasting in style and tempo that consist of two songs in English and three additional songs or arias in at least two foreign languages, totaling 15 minutes of music. Students may choose to sing in Italian, German, French, Russian, or Spanish and must include either an opera aria or a selection from a Baroque oratorio or cantata. The student is allowed to re-audition to declare a new major in a jury in a subsequent semester. For the performance degree, (Bachelor of Music in Voice) will audition for the faculty of the School of Music either upon matriculation or at the end of semester juries. The student will enter the BM course of study when the requisite skill level is attained as determined by the music faculty. Vocal performance students, or students expecting to later be a BM candidate, must take a one hour, or 2 credit voice lesson each semester. Four semesters of piano class (MUS 101, 102, 201, & 202) or private instruction in piano are also recommended, so that the singer may pass a Piano Proficiency requirement.

THE FIRST YEAR:

Technical requirements – At the end of the first year, students should demonstrate good communication skills, a proper command of legato and breathing, improved ability in diction in English and Italian, consistent sound, blending throughout the registers, and an understanding of the dynamic range of the voice. Students will learn to spend time learning how to warm up the voice and use required vocal exercises, assigned by the instructor, which help establish good vocal technique. This assigned repertory will assist students in their understanding of vocal technique and performance practice. Students will keep a journal which will include translations, notes, repertory assigned, and an introduction to the International Phonetic Alphabet.

Repertory requirements – A student will be assigned repertory which is contrasting in style, dynamics, and tempo. It is the task of the individual teacher, not the student, to choose the selections for the lessons. All of the selections below should of easy to moderate difficulty, depending on the student’s ability. The vocal instructor may choose from, but is not limited to, the following repertory in the student’s first year:

- Standard arias from the sacred repertory, including oratorio or cantatas
- At least one 19th century African-American Spiritual
- English and Italian Art Songs of the 15th to 18th century
- Folk songs, such as those arranged by Britten or Copland
- Broadway musical numbers (Limit: one or two)
- A minimum of at least one song from the classical and Romantic periods.
- Adjustments to the repertory as outlined above must be approved by the instructor.
THE SECOND YEAR:

Technical requirements – Continue first-year requirements as detailed above. Begin studies in coloratura technique and required use of the International Phonetic Alphabet (IPA). Students should demonstrate the mastery of Baroque, Classical, and early Romantic period styles and should show skill in English and Italian diction, and should also have some basic understanding of German diction. If the vocal teacher thinks it is appropriate, French could be switched with German as an emphasis for the second year.

Repertory requirements: All of the selections below should of moderate to advanced difficulty, depending on the student’s ability. Continue repertory from the first year and add selections from the following categories:

- Baroque, Classical, or early Romantic period opera arias (with coloratura).
- More difficult Baroque and/or Classical oratorio arias (with coloratura).
- Early German Lieder such as Schubert or Schumann
- An easy Romantic period opera aria

Vocal performance majors in their third year are required to present their Junior Recital. In the final semester of a student’s second year, the vocal instructor will assign the repertory for the student’s Junior Recital. It is recommended that students take the full year (summer, fall, and spring semesters) to prepare; however, as individuals’ skill and ability vary, there may be some who are prepared to present their recital the first semester of their third year. Please see the section on fees, credits, etc. found in “Recital Requirements and Procedures” in the Handbook for further details. IMPORTANT: An accompanist’s fee is attached to Junior and Senior recitals.

THE THIRD YEAR:

Technical requirements – Continue all studies from the first two years. Begin studies in secco and accompanied recitative. Students should demonstrate an understanding of Baroque, Classical and Romantic compositional styles and should show basic proficiency in English, Italian, French and German diction. During the third year, with permission, a student may choose to take one credit per semester of improvisational studies in lieu of one credit of standard vocal lessons.

Repertory requirements – All of the selections below should of moderate-advanced difficulty, depending on the student’s ability. Continue repertory from the first two years and add selections from each of the following:

- *Bel canto* opera aria (with *secco* and/or accompanied recitative).
- An aria from a mass or cantata of J. S. Bach or other Baroque composer.
- An oratorio aria from the works of G. F. Handel, G. Faure, G. Bizet, Brahms, W. A. Mozart, F. Mendelssohn, Beethoven, etc.
- Romantic period opera arias
- Middle-late German art songs such as J. Brahms or H. Wolf.
- French art songs such as C. Gounod, G. Fauré, R. Hahn, or H. Duparc.
- Italian art songs such as the *15 Canzone di camera* of V. Bellini.
- Early 20th-Century works and/or Broadway musical numbers.
- Optional songs by composers from the Romantic period such as A. Dvořák, C. Franck, C. Saint-Saëns, G. Bizet, M. Mussorgsky, R. Quilter, P. Tchaikovsky, J. Massenet, A. Sullivan, E. Chausson, M. de Falla, R. Vaughan Williams, S. Rachmaninoff, M. Reger, F. Lehar, O. Respighi, etc…
Junior Recital Requirements:

- 30-40 minutes of **new** music or 10-12 songs (each participant). The recital must be shared with another student.
- Three compositional periods: Baroque, Classical and Romantic, should be represented.
- Only one composer per language, 2-3 German, 2-3 French, 2-3 Italian, and 2-3 English songs, from each cycle or composer.
- Only 1-2 opera arias or 1-2 oratorio or cantata arias and sacred songs allowed.
- Please limit Broadway selections or other styles or duets to an approved encore, Students beginning improvisational studies may use them in place of the English art songs.

In the final semester of a student’s third year the vocal instructor will assign the repertory for the student’s Senior Recital, which will be approved by both the Coördinator of the Vocal Program and later confirmed by the recital jury. Students will not be permitted to present their Senior Recital in the semester immediately following their Junior Recital.

*While not a requirement, at the end of the third year, the instructor may assign repertory for graduate school auditions and make preparations for recording an audition CD if that is the student’s desire. A fee will charged for the service to pay the accompanist and the recording engineer. The following list will prepare the student for all of the major music conservatories and public colleges in New York City. Usually the CD, or posting to the internet, will contain six of selections taken from the following:*

1. An Italian art song or aria from 18th century or before.

PERFORMANCE OPPORTUNITIES
TOURING OPPORTUNITIES

Students have various opportunities, regionally, nationally and internationally, for concert tours and performances during their college experience. Our performing ensembles alternate regional and international tours during spring breaks and the Winterim. Within the past twelve years, Nyack touring groups have represented the College in Italy, Puerto Rico and Korea and in regional tours to other states on the east coast. Each ensemble has presented many concerts in the New York metropolitan area. Students are required to purchase a standard uniform for each ensemble.

MUSIC ENSEMBLES

Music majors are required to participate in one of the following musical organizations each semester they are enrolled full-time in the program: Chorale, Christian Folk Ensemble, Small Jazz Ensemble, Collegium Musicum, or Percussion Ensemble. Voice majors who are day students must participate in Chorale or show documented evidence to the Dean as to why they cannot. Instrumental students may choose Collegium or Jazz Ensemble, though they should spend at least one semester participating in the chamber orchestra, Collegium Musicum. To participate in two ensembles, students must have a 2.50 GPA. A third ensemble during the same semester requires academic excellence and is allowed only with the approval of the Dean. These regulations are to prevent a student’s feeling pressured to be in too many ensembles at once, and exist for the sake of their college success. Vocal students enrolled in Opera Theater Workshop should limit their ensemble participation to only one ensemble. OTW is not considered an ensemble. Students may register for an ensemble for either 0 or 1 credit, but all BM and MusEd candidates can only take ensembles for zero credits.

Participation in music ensembles provides not only the development of musical skills, but training in working together as an ensemble as well. With the exception of extreme cases, which are usually health
or work related, attendance at all rehearsals and performances of the ensemble for which the students is registered is required, including anticipated extra rehearsals.

**MANDATORY CONCERT ATTENDANCE**

All full time Music Majors in all degree programs are required to attend a **minimum of five** on campus and off campus recitals every semester. These programs are intended to enrich the academic program and may include student and faculty recitals, performances featuring Nyack College ensembles, and two approved off-campus classical or Jazz performances. Our location in the New York metropolitan area enables students to attend outstanding performances at Carnegie Hall, Lincoln Center, Trinity Church and St. Paul’s Chapel and other churches such as St. Bartholomew and St. Thomas Episcopal, and Holy Trinity and St. Peter’s Lutheran Churches, featuring the New York Philharmonic, Metropolitan Opera, New York City Opera, resident ballet companies, music conservatories, and solo and chamber music programs. Students in all music degree programs (BA, BM, BS, AS, and MusEd) are required to demonstrate to the administrative assistant attendance at the concerts they attend each semester. The Music Office will supply students with a sign-up sheet during each Nyack concert, and a program for all off-campus events must be given to and pre-approved by the Dean of the NYC School of Music.

**STUDENT RECITALS**

Recitals are an exciting opportunity for students to demonstrate the talents and abilities God has given them as well as an opportunity for development and growth as a performer. These valuable experiences teach demonstrating stage presence, handling stage pressures, communicating effectively with the audience and becoming more relaxed with the physicality of performing.

Students majoring in music (except for the AS, BA, and BS majors) are required to perform in at least one Student Recital each semester in their major applied area. AS, BA, and BS candidates must perform once a year in a student recital as long as they are taking lessons.

The School of Music and the private instructors will serve the student in a supportive capacity. Attention to the details below will assure smooth and orderly preparation, and should go a long way in making the recital experience effective and enjoyable.

**RECITAL PREPARATION**

- Teachers only enroll their students for recitals on the form provided by the Music Office.
- Students may not add or delete selections from the program without the teacher’s approval.
- For students using accompanists, teachers are required to hear them perform with their accompanist before the recital.
- Once the program is submitted, only faculty members may make changes or cancellations.
- Vocalists and pianists are required to memorize recital music. Other performers should consult with their teacher regarding memorization.
- Teachers will coach students concerning stage etiquette. (Please see following.)

**STAGE ETIQUETTE/ PERFORMANCE SUGGESTIONS**

- The soloist, regardless of gender, always precedes the accompanist when entering the stage. When exiting the stage, the accompanist always follows the soloist.
- The soloist’s entrance is made with a moderately quick, but graceful walk to a definite spot.
When a soloist reaches their spot, if greeted by applause, s/he acknowledges the courtesy with a graceful bow and acknowledges the pianist with a hand gesture, who will also bow. The soloist then positions him/herself with the proper stance for his/her performance.

When the audience is quiet and ready to listen, a slight nod is given to the accompanist as a signal to begin.

During any introductions or interludes, the soloist maintains an attentive attitude at all times, remembering that the music continues and mentally being a part of it.

The mood of the song is reflected in the general manner of the soloist’s performance. The performer should try to “look like the music.”

When singing or playing, the performer(s) should try not to stare at any one person or spot as well as not glance about in a nervous, restless manner.

At the end of a selection or performance, the soloist should not bow until applause begins, at which time they bow and acknowledge any collaborating musicians.

An encore is not sung or played unless the audience applause calls for one by additional applause.

Encore selections will be pre-approved by the faculty.

The performer should be in control, poised, with an air of dignity and sincerity. If the performer appears ill at ease or nervous, the audience will certainly feel uncomfortable. The best way to learn good stage deportment is to watch the stage presence of seasoned professional performers. Modest assurance is the ideal manner, and nothing will give a performer that assurance like intelligent practice and skill.

All recital attire is to be modest and appropriate to the occasion, as well as subject to the approval of the private instructor. One change of attire will be permitted during a senior recital.

All advertising for Senior Recitals must be approved before it is posted throughout the school, and then, permission must be given by the Office of Student Services.

JUNIOR AND SENIOR RECITALS

Performance majors must present a Junior Recital in their third year to be comprised of 30-40 minutes of music and a Senior Recital in the fourth year to be comprised of 60-75 minutes of music. Students enrolled in the Music Education program are required to present a Senior Recital of 30-40 minutes of music prior to graduation. Composition Majors will present a Senior Recital (one hour in length) of original compositions organized, conducted or performed by the student.

The following are important steps in preparing for Junior and Senior Recitals:

1. Repertory should be selected by the teacher two semesters prior to the recital jury. (Junior or Senior). Repertory will be approved by the Coordinator of Vocal Program for all vocal recitals and the Dean of the School of Music for all other programs. Repertory in the case of collaborating artist will also be approved by the piano faculty with the difficulty of the piano accompaniment considered. Vocal students must have the repertory approved and an accompanist assigned two semesters before the recital.
2. Junior and Senior recitals cannot be given in successive semesters.
3. Recital Date (Set date usually in the summer for the fall or spring semesters. Summer recital dates are to be set one month before the beginning of the semester the recital is given.) In consultation with the private instructor, a date will need to be determined which will afford the best possible audience. This date should be set to take advantage of the available openings on the college calendar. It is the responsibility of the student to secure a recital date through the Music Office. The private instructor’s schedule and the school calendar need to be consulted by the student and only the Dean can confirm recital dates or adjust the schedule if a change need be made.
All official recitals must be given on campus unless approved by the Dean. Aside from reserving the hall for the recital alone, it is highly recommended that the student reserve the hall for one dress rehearsal with the private instructor as well.

Collaborating Artists (Arrange for an accompanist when the repertory is approved two semesters before the event.) Instrumentalists and vocalists requiring piano collaboration for their recital are personally responsible for making these arrangements. Use of non-college persons as accompanists, assisting artists, etc., must be approved by the School of Music, and such persons MUST appear at the recital jury. The School of Music will assist in arranging for an accompanist when necessary. A fee of $125 is required to be given to the accompanist for all senior recitals. A fee of $75 is required to be given to the accompanist for all junior recitals. This will include the performance and two rehearsals. NO EXCEPTIONS. It is essential to work out a rehearsal schedule with the accompanist and private instructor at least two (2) months prior to the recital. Since the accompanist will be giving both time and professional expertise, it is important to acknowledge this appropriately. The student should ask the accompanist what their additional fees are for additional rehearsals and it is not the occupation of the accompanist to teach the student their music. That is true whether the accompanist is college faculty, a student, or a guest. Payments are to be made as follows: $25 after the first rehearsal, $25 after the second rehearsal, and the remainder at the conclusion of the performance. If payments are not made when scheduled, the next rehearsal or performance will be cancelled. If the student does not pay the accompanist’s fee the grade will be withheld and the grade will be changed to an “F” after one month has elapsed.

House and Technical Assistants (Make arrangements one month before the recital.) Students are responsible for organizing ushers, stage help and other personnel needed for the recital. The Music Office must be consulted concerning who has been approved to run the sound, recording and lighting equipment, if any. If a video or audio recording of the recital jury and/or performance is desired, it is the student’s responsibility to make and pay for these arrangements. This feedback will be invaluable for reviewing the performance. Audiotapes, videotapes or CD recordings may also be included in a professional portfolio.

Room 2241 must be returned to its original configuration at the end of the recital.

Receptions (Reserve room and make arrangements one month before the recital.) Students who choose to have a reception following their recital are responsible for coordinating the reception, and assuming the cost of the food and paper-ware. The room, which is usually the hall outside room 2241, must be returned to its proper configuration following the reception. Garbage must be secured in heavy-duty garbage bags.

Recital Jury (Must take place a minimum of four weeks before the recital.) Four weeks prior to the recital date, recitalists will perform a recital jury before the music faculty. A minimum of two full-time faculty members and the primary applied teacher must be present. The jury date is to be scheduled by the Music Office at the same time that the recital is scheduled. The purpose of the recital jury is to ensure that the repertoire is fully prepared and meets the curricular standard. If the student is unprepared for the recital jury, the recital may be postponed to a later date, later semester, or cancelled at the discretion of the faculty. Vocalists, keyboardists and guitarists must be prepared to perform the complete recital jury and recital from memory. For the jury, at least 2/3 of recital material must be memorized. The recital jury is not a dress rehearsal. The playing time in the juries will be limited to 20 minutes for junior recitals, and 30 minutes for senior recitals. Students are required to provide the jury with five copies of the completed jury form and the final draft of their recital program, which have been reviewed by their private instructor. The faculty will select the pieces to be performed during the recital jury. No additions to the program will be permitted subsequent to the approved recital jury without the permission of the music faculty.

Programs First draft presented to faculty at jury; print program two weeks before the recital. If the program is not completed two weeks before the recital the recital is cancelled. Students are
asked to create their own recital programs and it can be sent via email for printing. The Music Office can assist the student with the proper standard formatting of a recital program. The Music Office can provide the student with the use of the copier and stock paper. The School of Music must approve all programs, formatting, and materials before they can be duplicated and distributed.

11. **Publicity** (*All publicity projects are completed three weeks before the recital.*) Good attendance at the recital is a direct result of good publicity (e.g., posters, announcements in the Internet, personal invitations, etc.). This publicity is the responsibility of the student, although the School of Music may be able to assist in some areas. The copy machine and stock paper are available for use for publicity projects.

12. **Date** The date of the recital, chosen at least six months prior to the recital, may not be changed except in an emergency and must be approved by the Dean. If the recital date cannot be kept it may be necessary to postpone the recital to a later semester. Incompletes, which must be made up within a month of the end of a semester, are granted because of illness or approved emergency. Incompletes are not given due to lack of preparation!

This form has been created to assist students in planning and preparing for their Junior/Senior recitals. Each section must be reviewed and signed by the student and his/her Major Teacher. As each section is completed the student will submit them to the School of Music administrative assistant to be placed in their student file.

SCHOLARSHIPS, AWARDS AND GRANTS

Scholarship awarding is highly competitive at Nyack College and awarding of these monies is administered using various criteria. In addition to the grants listed in the Nyack College Catalog, the following scholarships are awarded specifically to outstanding music majors who demonstrate discipline, achievement and high academic standing:

Music Achievement Grants - awarded to freshman or first semester transfer music majors on the basis of their entrance audition and participation in the annual ISC competition. They are renewable for up to 5 years provided a minimum GPA of 2.5 is maintained, during semesters in which the student is enrolled fulltime. If the GPA falls below 2.5 there will be one probationary semester and then the scholarship will be withdrawn.

NATIONAL ASSOCIATION FOR MUSIC EDUCATION (NafME)

Nyack College maintains an active student chapter of NATIONAL ASSOCIATION FOR MUSIC EDUCATION (NafME), a national organization devoted to the field of Music Education. Music Education majors are encouraged to join MENC during their freshman year. Membership includes a valuable subscription to the Music Educators Journal, a monthly periodical. Nyack’s MENC chapter also sponsors field trips, professional workshops, fund raising activities, concerts and guest lecturers on campus.

REGISTRATION SUGGESTIONS & REGULATIONS
FOR STUDENTS AT THE NYACK COLLEGE SCHOOL OF MUSIC, NEW YORK CITY
By Glenn Koponen and Dana Talley

Nyack College is committed to the successful graduation of our students, well prepared for careers in performance, education, and church music. These suggestions and calendar are given to you so that you can take ownership of your education and chart your own success. Learn to plan ahead for your entire career at Nyack College. Your advisor’s job is to help you down this path, not decide it for you. This is a great deal to read. It will be discussed with your advisor before registration begins and in MUS 110, Freshman Music Seminar.

- Schedule (days in advance) an appointment time with your advisor, then show up on time
- Use the Suggested four year Program Plan as your guide for which courses to schedule next and refer to *FOUR-YEAR MUSIC COURSE OFFERING PLAN CALENDAR below
- Arrive at your appointment with your intended courses already reserved through the student portal’s online registration link
- Be aware of prerequisites in your upper-level concentration courses so you can take the prereqs early
- IMPORTANT: READ NYACK COLLEGE CATALOG FOR THE YEAR YOU MATRICULATED AND THE SCHOOL OF MUSIC HANDBOOK FOR ALL ADDITIONAL REQUIREMENTS INCLUDING FOUR YEAR COURSE SCHEDULE AND RECITAL PREPARATION.
- Plan your schedule early and then show it to your advisor. Keep in mind which classes, taken as a whole, will move you towards graduation. You may need to be creative because of unusual schedules or events. All advisors are there to help you through any unforeseen problems. Please do not come to your appointment with no idea of what you may wish to take. You do not need to finish your financial aid or erase other holds to meet with your academic advisor. They also have busy schedules, particularly at the ends of semesters or the week before school begins, should you miss the scheduled registration days. You lose nothing, even if you are not sure you can return the next semester, if you meet with your advisor.
- 051 -

- Try to **follow the suggested four-year plan**. Each catalog has a suggested program for your major. These plans are also included in the School of Music Handbook found online on every class e360 portal, along with a wealth of other information. Your advisor also has a copy. All students that are conditional must follow your contracts signed when you were admitted. You may also need to see two advisors and you might not be allowed to register on line but by your second advisor in the academic success office and then the Registrar.

- Music majors are required to make changes, after you register online, to Applied Music and Ensembles, such as Chorale or Opera Workshop, that require you to change credits from 1-2 or 1-0, etc. The administrative assistant for the School of Music will assist you with this. **BE CAREFUL** as some classes such as concert attendance, studio class, required ensembles, and jury are required every semester and are not found in Campus view. In addition, some classes such as Chorale, Christian Folk Ensemble, Collegium, or Small Jazz Ensemble, require an audition and professor’s approval and have been blocked. These modifications can be made only by Autumn Nova, administrative assistant for the school of Music. All other changes should be done online or with the registrar on the first floor. Only the registrar can add independent study or “Y” classes when all the appropriate forms are filled out and signed. Changes to your schedule cannot be made after the add/drop period is over except for a WD which will appear on your transcript. **Be careful when withdrawing from a class that you maintain the required number of credits.** See SAP requirements below.

- You graduate when you finish the required 120 credits for your degree, not take classes for four years. In all years prior to 2010-2011, 126 credits were required. Please see the appropriate catalog in the year you matriculated. **NY State TAP and Federal Pell grants and student loans might end after eight semesters.** Nyack financial aid may not. Cumulative totals of student loans are limited by the state depending on your income and type of loan. Please see your financial aid advisor not your academic advisor. **Twelve credits is full-time credits REQUIRED FOR YOUR DEGREE, but you must average at least 15 credits a semester to graduate in four years.** Music Education requires 140 credit for graduation because of an additional semester spent student teaching.

- It is important that you look at the four year class calendar below that follows when you plan your own individual program. The classes in the calendar, days, and time, **cannot easily be altered** if you do not plan ahead. All faculty have been asked to not offer any Ind. Study contracts, “Y” course, just because a student did not wish to take a class when offered. If you see a class is offered only in the fall then plan accordingly. **Many classes require pre-requisites and go in a sequential order.** Exceptions are made only for some graduating seniors.

- Most of our students work. Do not try to take more than you successfully can with good grades. **Plan all outside activities,** including any church responsibilities, with your classes in mind.

- Again, **REGISTER EARLY** each semester. Classes that fit with your work and personal schedule may not be available after the first weeks. **Online classes fill up immediately and new sections are not usually added even if you have a need.** If you are a night-only student or have other commitments register early! Since Juniors and Seniors have less flexibility they are allowed to register first.

- A list showing your advisor will be posted at the beginning of the semester. Do not go to any music professor but to your **assigned advisor**, please. **Only your advisor is authorized to approve you class schedule and to activate your online registration.**

- **Do not leave all your core classes to the end!** A good rule of thumb is **one Core, and one Bible class per semester** for BM majors and **two Core classes** each semester minimum for all BA candidates. **Try to finish college writing requirement early.** It is suggested strongly that you take ENG 101 and ENG 102 your freshman year.

- All 2nd semester Juniors, or students who have completed 85 credits, should make sure they have a copy of their official graduation audits that are obtained from the Registrar upon request only. Students should meet with their advisors to plan their last two semesters using this as a guide. **(THE RULE IS, ONCE A STUDENT REACHES 85 CR. TOWARD THEIR DEGREE, THE
Finally, and maybe most importantly, is the state SAP requirements. (SATISFACTORY ACADEMIC PROGRESS) These took effect in the Fall, 2009 semester and must be followed by all students to retain financial aid or be retained as a student. The registrar will check all student’s schedules to make sure the following state regulations are followed at the beginning of the semester and met at the conclusion of the semester. The registrar will issue a warning that SAP conditions are not met to the students and copy to their advisor before the semester begins. At the end of the semester a report will be sent to the Provost of anyone not meeting the state requirements will be placed on probation for one semester. If then, the academic record does not change, the student will be dropped from the college. (It does not matter how well you do as a performer or in certain areas of your schedule. It is your cumulative record that must be reported to the state by the Provost’s office.)

These rules will now be enforced by all NY State colleges not just Nyack College. Since this is the State of New York law for all colleges and universities, the Dean cannot make decisions as to probation or status or appeals if state regulations are not met. The State of New York will deny all financial aid RETROACTIVELY and that is why we must all be so careful. The State requirements are as follows:

1. All full time students must take a minimum of 12 credits that count towards their degree, NOT any 12 credits. You may take up to 18 credits for no additional tuition, but 12 credits each semester must be classes required by the catalog in your particular major. The major, even if you change it later, in force at the beginning of the semester determines official requirements. If you desire to take more than 18 credits you will need approval of the Dean of the School of Music and pay an additional fee.

2. At the end of a semester all students must pass 9 credits of required classes to keep their financial aid. This is cumulative. For example, if you fail classes and pass only 6 credits and be put on probation, you will need to then pass 12 credits the next semester to total 18 credits to stay in school. At the end of each semester you would then need 9, 18, 27, 36, etc. total credits passed.

3. If you are on probation you are limited to 13 total credits making this very difficult.

4. If you fail any class it is a state requirement that you must repeat the class the next semester it is offered. If you repeat it you erase the “F”.

5. Minimum GPA must be retained in addition to passing 9 credits. You must maintain a cumulative GPA of 2.0 to avoid school probation.

6. If on probation, you must raise the cumulative GPA to 2.0 that semester.

7. If you are on probation you will need to sign an Academic Recovery Contract and also agree to meet with a designated professor(s) every week.

8. You also will be put on probation as a music major, if the required benchmarks are not fulfilled above. Probation as a music major is not limited to 13 credits. The Dean of the School of Music will determine your status as a probationary music student and a contract with the Dean will be necessary.

9. If you are a music education major you will need to pass the state certification exams before you can student teach. You will also need to have a minimum cumulative 3.00 GPA, and 3.0 in both Music and Education classes, and cannot receive lower than a B in any Education class, College Writing II, or Music theory, 224. The latter two requirements are for all education students including music education majors. Specific requirements are found at the School of Education website.

10. In order to graduate in any degree you must have a 2.0 cumulative GPA or higher.

11. To retain any MUSIC grant you must maintain a minimum cumulative GPA of 2.5 and this is also true for most other Nyack College scholarships or grants. (You can retain the Music grant only for the semester you are on probation, and then lose it for all following semesters.) This is a grant probation not an academic probation. If you drop out for a semester you keep your grants.
If it is more than one semester you must either re-apply for Nyack College general grants or scholarships or re-audition for music grants.

This is complicated! Sorry for all the rules, but they are given to us by the board of Regents in Albany not our School of Music or Nyack College!

FOUR YEAR MUSIC COURSE OFFERING PLAN CALENDAR

This is offered as a guide to plan your registration

Core and Bible classes:

All core and required Bible classes are offered every semester, usually both as day and night classes. Summer classes offer most of the Core and Bible curriculum, sometimes as fast track classes of four weeks in length. Be very careful when choosing your Core to take classes in order, such as College Writing 1 and 2. Most music students begin as BA in Music candidates. If your eventual goal is to graduate with a performance degree, music education, or church music, do not take core that will not apply for these majors. Core courses required for a BA and BS but not other music degrees include science, math, foreign language, World Civ I, and Fine Arts, and should not be taken until you decide, with your advisor, that you will not be changing from BA to BS, BM, or Music Education. Try to plan your classes each semester by following the four year plan in the catalog for the major that is your goal. It is very important that you do not leave all your Core and Bible classes for your last few semesters but follow the normal progression of classes as closely as you can as outlined in the catalog. BE CAREFUL: Please look at the calendar of course offerings below so that you will plan on taking a class in the semester offered. As a general rule, College writing should be taken in your freshman year NOT left to other semesters as writing intensive classes, such as music history, require the skills needed for your term papers.

We have not had rating sheets since the fall of 2012. It is now the responsibility of each student to track their progress on the CampusView site. There still are a few mistakes in requirements, and if a class is placed in the wrong section of Campus View, the catalog description is always the final say on requirements. Please work this out with your advisor and then the registrar will make the necessary changes. NOTE: You MUST take classes in order as described by the catalog.

If you think your major will eventually change, plan accordingly, and access CampusView to use the Hypothetical Program option to evaluate the effect of changing the program and/or the areas of study. Click on Program Options to evaluate how completed courses and areas of study will count towards the new hypothetical program/areas of study. Then choose your classes so that each class and will apply to your eventual major as most students begin with the AS or BA program AND the BA or AS you are currently enrolled in.. You may change majors only after a jury, and at the recommendation of the music faculty and Dean, at the end of any semester. Most music students do enter as BA candidates and many make the change as soon as musical requirements are met and demonstrated in a jury.

Music Classes required by all music majors: (AS, BA, BM, and Mus.Ed)

For the following classes, applied lessons, the instructor is assigned only by Dr. Sue Talley, Dean.

The following classes are offered ONLY for the semesters and times below: (day and evening sections will be determined both by need and enrollment.)

BA and BS music majors are only required to take 8 credits of applied Music. AS majors take only 4 credits of applied lessons but all students may take more if that is their desire.

Miscellaneous electives can be music classes if desired. The more additional classes required for a specific BM degree the fewer the electives. BM degrees also have more private lessons required and less core requirements than the BA. The following classes are not required for any music major but often are used to fulfill the electives required. **ALL of the BM classes listed above can be also used as electives for any music major except classes that state Vocal or Piano majors only, etc.**

- By encouraging involvement in civic affairs through music and the allied arts.

Program Assessment

Courses in music theory and ear training, music history and literature, and instruction and experience in performance are required of all music majors beginning in the freshmen year and provide the foundation for advanced music study. The School of Music continually assesses student achievement in these areas through classes, private lessons, rehearsals, recitals, and concerts. In addition, a formal assessment is conducted at the end of each school year to identify areas of strength as well as areas of deficiency which would benefit from changes in the program. The following assessments are used to assess music program effectiveness.

### Admission to Program

All freshmen and transfer students are admitted to the music degree programs on the basis of audition, teacher recommendation, and written essay. Prospective students for the B.M. degree programs should perform at least two compositions in addition to technical exercises, scales, arpeggios, and sight-reading. A.S. in Music, B.A. in Music, or B.S.in Music in Worship majors may perform a selection of choice commensurate with their background, ability, and interests. The audition is generally scheduled following the student’s acceptance by the college. Prospective music majors may, upon request, audition for the music faculty prior to submitting an application for admission to the college. Prospective students who reside within a 200-mile radius of the college are expected to audition in person. Prospective students living outside a 200-mile radius may submit a recorded audio or video audition for review by the faculty, along with a letter explaining the contents of the recording and the conditions under which it was recorded. Applicants should consult the Recommended Repertoire section found in the Music Handbook, found on the Nyack Web site, for further audition guidelines. Transfer students should follow the repertoire suggestions for the appropriate year.

### Advanced Placement

Placement tests in music theory, ear training, sight singing, and dictation are given to all new music majors during Freshman Orientation. For students who display competence in these areas, the first year courses may be waived. Credits for music courses waived by exam or audition must be replaced by music elective credits.

Nyack College also accepts Advanced Placement (AP) music credits earned during high school. Contact the School of Music for more information.

### Applied Music Requirements for Music Majors

All music majors (except students in the B.A. in Music, the AS in Music, or the BS in Music in Worship Degree) are required to satisfy a certain level of performance in addition to the completion of the minimum number of credits in applied music. Occasionally this may require taking additional credits of applied music to achieve the graduation standard.
Students enrolled in the Performance and Music Education degree programs are required to fulfill applied major requirements. Applied minor study is recommended and optional.

Composition majors are required to fulfill the requirements of the second level in their applied major.

Performance

Performance majors will present a Junior Recital in their third year, one-half hour of music, and a Senior Recital in the fourth year, one hour of music. Students enrolled in Music Education are required to present a Senior Recital of one-half hour in length prior to graduation.

Instrumental and Piano Performance majors must also complete the Concerto requirement (MUS 476) as described in the Music Handbook.

Piano Proficiency

All music majors not majoring or minoring in piano or [completing] Functional Piano are required to demonstrate Piano Proficiency (MUS 477) by audition or jury exam as described in the Music Handbook. (A.S. or B.A. in Music majors are exempt from this requirement.)

Jury Examinations

Students will perform before the music jury each semester in their applied major area, Functional Piano, Piano Proficiency and in an optional applied minor when applicable. The purpose of the jury is to determine whether significant progress has been achieved or if the required level of competence has been attained to satisfy the degree requirement for graduation. The faculty will hear a student’s initial applied minor jury to approve the optional applied minor. Piano and voice juries are to be performed by memory, however piano minor juries do not require memorization. The memorization of Instrumental juries is at the discrepancy of the Applied teacher.

Students preparing junior or senior recitals will perform Recital Juries approximately four weeks before the recital, and are exempt from regular semester juries. Details about juries and recitals are in the Music Handbook.

Accompanying Requirement

A minimum of four semesters of accompanying experience in instrumental and voice studios and student recitals is required of all piano majors. Students are encouraged to receive coaching from their private piano instructor. (This experience is in addition to the requirements of MUS206, Piano Accompanying.)

Ensemble Requirements

Music majors are required to participate in at least one musical organization each semester they are enrolled full-time in the program. Voice majors are required to participate in a choral organization and instrumental majors in an instrumental organization. Keyboard majors may select either a choral or instrumental organization. Students may register for zero or one credit. (Chamber music is not considered to be a musical organization.)

Ensemble Requirements for Orchestral Instrument Majors

First Year: Membership in one of Nyack College’s instrumental ensembles in a second or third desk position.

Second Year: Membership in one of the college’s instrumental ensembles, and capability of filling a second desk position in works of medium difficulty.

Third Year: Membership in one of the college’s instrumental ensembles with sufficient ability to fill a first desk position.

Fourth Year: Membership in one of the college’s instrumental ensembles, and sufficient experience and technique to hold a first or second desk in a professional instrumental ensemble. The candidate for graduation should have covered the standard literature of the various instrumental media, from chamber to symphony, and demonstrate proficiency to appear as soloist with a symphony orchestra.

*Primary Faculty, NYC:* Dr. Lars Frandsen, Dr. Elizabeth Swanson, Dr. Dana Talley, Dr. Sue Lane Talley

The B.A. in Music program affords students the opportunity to study music primarily from a liberal arts perspective. It provides a strong foundation in music literature and history, theory and ear training, and consistent studies in performance areas, both individual and ensemble. This program is designed to serve students having solid intellectual interests and a commitment to aesthetic and artistic values. Students may also pursue significant studies in other liberal arts areas such as English, Psychology, Philosophy, Religion, or History.

Depending upon the secondary areas of concentration, graduates of this program are prepared for careers in music-related fields, such as church music ministries, music business, management, marketing, public relations, recording, radio and television, musical theater, and communications. Students may also pursue graduate studies in musicology, music education, and other music-related fields.

An audition is required to enter the B.A. in Music program.

**MUSIC EDUCATION MAJOR - MUS.B.**

Primary Faculty, Rockland: Dr. Glenn Koponen, Joan Mallory
Primary Faculty, NYC: Dr. Elizabeth Swanson, Dr. Sue Talley, Dr. Dana Talley

Nyack College (Rockland campus) is an accredited institutional member of the National Association of Schools of Music (NASM).

The School of Education is accredited by the National Council for Accreditation of Teacher Education (NCATE). The Music Education major is designed for the training of teachers in elementary and secondary school music in accordance with the requirements of the Division of Teacher Education and Certification of the Department of Higher Education of the State of New York. In New York, permanent certification for teaching in the public schools is open only to those holding a master's degree and having two years teaching experience; this curriculum, therefore, leads to recommendation for the provisional certificate for teaching (K-12) in the elementary, middle, and high schools of New York. The State of New York certification procedures require that recommended candidates make personal application for this initial certificate. Nyack College is not required to make recommendation for certification of a candidate not
meeting the standards. For example, a grade of B- or better is required in Senior Seminar and both placements of Student Teaching or recommendation for certification will be withheld.

The regulations of the Commissioner of Education stipulate that initial certification will be granted in New York on the basis of passing scores on the Academic Literacy Skills Test (ALST), the Educating All Students test (EAS), the Content Specialties Test (CST), and the Teacher Performance Assessment (edTPA). The candidate must take the ALST at least once before the end of the sophomore year and pass the exam prior to admission to methods courses. It is recommended that the candidate take the EAS and CST during junior/senior year, as passing scores are required for admission to student teaching. The edTPA is a video-taped assessment completed during student teaching.

Title II, Section 207 of the Higher Education Act requires all institutions with teacher preparation programs that enroll students receiving federal financial assistance to prepare annual reports on teacher preparation and licensing. Additionally, institutions must publish licensure test pass rate information for all programs, with ten or more students who completed their prescribed programs within the previous reporting year, in official documents. Nyack College’s Childhood Education, Early Childhood Education, and Early Childhood-Childhood B.S. programs each had fewer than ten program completers in 2011-2012 and are prohibited from publishing program pass rate data. However, the institutional pass rates for undergraduate and graduate program completers combined are below:

Students who intend to pursue certification in other states should be aware of the requirements for those states. Many states have a reciprocity agreement with New York State and by meeting another state’s testing requirements a NYS certificate can be exchanged for a certificate in that state. Students should also be aware that Pennsylvania now requires teachers to have a 3.0 GPA and other states may also. Such GPA requirements are above the current minimum GPA requirements for Nyack College, meaning that, graduation with a degree does not guarantee certification in other states.

Program Assessment

The following assignments are used to assess program effectiveness.

Graduates are also qualified to direct music in churches and to teach music on the mission field in schools for children of missionaries and government officials. The teacher education program of Nyack College has been accredited by the Certification Commission of the Association of Christian Schools International (ACSI) for the preparation of teachers for a ministry in Christian school education. Candidates, upon successful completion of the program of study, will also be awarded an ACSI teaching certificate.

Admission to the Music Education Methods (EDM 441, 444)
In addition to the general admission requirements listed in the catalog, admission to the Music Education program requires the following items:

1. Submission of departmental application.
2. Completion of 30 Community Service to Students hours.
3. Satisfactory grade point average (overall GPA of 3.0, 3.0 in music courses, and 3.0 in education courses). Specifically, a grade of C or better is required in each education course, or the course must be repeated.
4. Passing score on ALST certification exam for NY.
5. Satisfactory faculty review of professional attitudes and behaviors on the Undergraduate Assessment of Dispositions, having met at least 80% of the dispositional expectations.
6. Approval by School of Education faculty.

The focus of this course of study is the development of well-rounded and effective teachers. The inclusion of Bible courses makes an ideal program for one who wishes to serve both the community and church interests.

In addition to the general admission requirements listed in the Nyack College catalog, applicants will be expected to have satisfactory scores on the Scholastic Aptitude Test of the College Entrance Examination Board (generally 1500 or more on all three sections), or the ACT equivalent of at least 33, and a high school grade point average of not less than 2.75 on a four point scale. Applicants wishing to transfer into the program in cases where the SAT scores are insufficient or not readily available will be expected to present a college grade point average of not less than 2.75 on a four-point scale. Each education and education-related course must be a grade of C or better in order to transfer as applicable to the Education programs. Students transferring in large numbers of credits should present a GPA closer to the 3.0 requirements outlined below so admission to the School of Education is not delayed.

Disposition Requirements
In addition to evaluation of content, pedagogical, and professional knowledge and skills, Music Education majors are evaluated on their attitudes and behaviors in class, in field experience, and in relating to peers, faculty, and college/schools staff as indicators of the appropriateness of their dispositions for the education profession. The Undergraduate Assessment of Dispositions form will be utilized in five phases:

- Phase I- Introduction to the School of Ed: candidate self-assessment
- Phase II- Exiting EDU246 Foundations of Ed: professor assessment
- Phase III- Application for Admission to the School of Ed: faculty assessment by committee
- Phase IV- Application for Admission to Student Teaching: faculty assessment by committee
- Phase V- Program Completion: faculty assessment by committee

Candidates must meet at least 80% of the dispositional expectations at Phase III and IV reviews.

Applied Requirements
Students majoring in Music Education will select a major applied area by audition. Applied minors are optional. For graduation, proficiency in the applied major should be at the third year level in the Music Student Handbook. Proficiency in the optional applied minor should be equivalent to the first year level. Functional piano skills are required of all Music Education majors. Vocal and instrumental Music Education majors normally take the four-semester Functional Piano sequence unless waived by exam. For piano majors, a specially designed one-semester Advanced Functional Piano Course (MUS 301) is required.

Field Experiences
All music education candidates are required to complete 135 hours of supervised observations prior to beginning their student teaching experience. Part of these observations will be done in conjunction with
EDU 246 and 259. Methods courses will provide 70 hours of observation in elementary, middle, and high school classrooms. The candidates will also be required to complete 30 hours of pre-approved, Community Service to Students hours prior to methods courses. All field experiences require access to one's own transportation.

Admission to Supervised Student Teaching
Candidates enrolled in this curriculum will be required to satisfy the following before registering for student teaching:

1. Candidates must receive satisfactory faculty review of professional attitudes and behaviors on the Undergraduate Assessment of Dispositions, having met at least 80% of the dispositional expectations. One Faculty Recommendation form must also be submitted by a specialization professor.
2. Candidates must present a health certificate, including the results of a Mantoux tuberculin test, within 6 months prior to student teaching indicating that they are free from physical and health conditions which might be detrimental to teaching.
3. All course requirements except EDM 470, 493, 495, and MUS 352 must be satisfied prior to student teaching. A grade of C or better is required in each education course, or the course must be repeated.
4. Candidates must have a cumulative grade point average of not less than 3.0, not less than 3.0 in all of their Education courses, and not less than 3.0 in all of their Music courses.
5. Candidates must have the ability to sing in tune with tone quality worthy of imitation and sufficient command of the voice to teach rote songs effectively in the elementary classroom. In order to appraise the vocal quality of candidates not majoring or minoring in voice, a recommendation will be made by the Fundamentals of Singing instructor. Candidates must also pass vocal proficiency in EDM 441.
6. The candidate must have passing scores on the Academic Literacy Skills Test (ALST), the Educating All Students Test (EAS), and the Music Content Specialty Test (CST).
7. The candidate must submit an Application for Admission to Student Teaching and accompanying resume to the Education Office by February 1 junior year for Fall student teaching or May 1 junior year for Spring student teaching.

Other issues to consider with regard to Student Teaching include the following:

- The candidate must have access to his/her own means of transportation for the supervised student teaching experience. Transportation and other costs for student teaching are at the candidate's expense.
- The department advises extreme caution against engaging in any and all activities that usurp time/attention from the professional preparation of student teaching and Senior Seminar, including additional coursework, employment, and extra-curricular activities (e.g., sports, etc.). Planning ahead is expected in order to avoid the stress and distraction of being overscheduled during this capstone experience, where possible.

MUSIC MAJOR - A.S.

Primary Faculty, Rockland: Joel Jameson, Dr. Marie Kenote, Dr. Glenn Koponen, Dr. Tammy Lum
Primary Faculty, NYC: Dr. Lars Frandsen, Dr. Elizabeth Swanson, Dr. Dana Talley, Dr. Sue Lane Talley

The A.S. in Music degree is a two-year program designed to provide training in music reading, analysis, and performance which will enhance the skills needed for employment in music related fields. The intention of this degree is to provide music skills, experience, and knowledge appropriate for music related occupations rather than to prepare for transferring into a four-year degree program. Persons currently employed in music business or ministry may find the two-year degree program of particular value. The degree may also appeal to students who desire a credible but significantly shortened preparation for employment in fields requiring knowledge of music at this level. An audition is required for which the student must prepare two pieces of their choice demonstrating readiness to enter a college music degree program.

60 credit hours, distributed as follows, are required for the Associate in Science degree in Music:

One 60-minute private lesson per week plus a minimum of six compositions or movements. 2 credits per semester.
One 60-minute private lesson per week plus completion of a junior or senior recital. 3 credits.

The required numbers of compositions per credit may vary according to the instrument being studied and the method of a particular teacher. For instance, in voice the teacher may require a greater number of compositions than those listed above. A keyboard teacher may wish to make use of a complete sonata in which case the number of movements would be counted separately.

Although the music faculty does not require a weekly schedule of practice hours, it is understood that consistent practice habits are fundamental to sensitively performed repertoire. As a general guideline the music faculty consider a minimum of three hours of practice per week per credit to be essential.

What happens if a student fails a jury?

An “F” grade will be given. In order to continue in their applied lessons, the failed jury needs to be retaken and passed by the beginning of the following semester.

1. **Myth**: The teacher will never fail me because it isn’t Christian to fail somebody.
   - **Fact**: The teacher doesn’t fail students. Students fail themselves.

2. **Myth**: My ministry comes first; therefore, I get excused absences when I sing or play at funerals, weddings, street ministry, and choir tours.
   - **Fact**: While there is some flexibility and understanding given to ministry considerations, these are not considered excused absences as a rule.

3. **Myth**: I do not have to do the work for days that I am excused, because I couldn’t get the homework.
   - **Fact**: Whether you are excused or not, you are responsible for every assignment. Get it from the professor or from your friends. It is important to follow the syllabus.

4. **Myth**: Christian colleges have lower standards and are easier than secular universities.
   - **Fact**: Christians should have higher standards, not lower ones.

5. **Myth**: I deserve a high grade because I am paying so much for my education.
   - **Fact**: Tuition does not cover the cost of a college education, and anyway, grades that are given because of financial “bribery” are meaningless. You must earn your grades.

6. **Myth**: If I bring a health professional’s excuse, the music instructor must make up my private lesson.
   - **Fact**: Instructors are required to make up private lessons only if the student has given 8 hours advance notice for an absence. All make-up lessons without prior notice are at the discretion of the instructor and are not required.

7. **Myth**: If I leave word on the office phone, my professor will excuse me from a lesson when I am sick.
   - **Fact**: Professors do not have access to the office phone. You must call them at their private numbers and try until you know they have been reached. Reaching your Applied Music instructor is not the job of another student, another professor, or the Administrative Assistant.

8. **Myth**: If I can’t take a class at the regular time, I will just take it as a “Y” course.
   - **Fact**: It is extremely important that when you plan your classes that you follow the calendar of course offering rotations in this handbook. The student may take very few “Y” courses per semester, and only if it is impossible to take the course at the regular time, only if he or she needs the course for graduation, and only if their GPA is sufficiently high.

9. **Myth**: I can turn my homework in whenever it is done and the professor must accept it.
• Fact: Homework is due when the syllabus says it is due. The professor has every right not to accept late homework.

10. Myth: If I do not finish a course on time, I will just ask for an extension and finish it late.

• Fact: Extensions are given ONLY in the case of a genuine emergency. Example: A death in the family, which necessitates the student being out of town, could be considered a genuine emergency. So could a lengthy hospitalization. Missing a class or two because of an illness does not constitute an “emergency.”

11. Myth: If I am having trouble in class, there is nothing I can do but speak with the professor.

• Fact: Your first obligation is to speak with the professor. If, for some reason, this does not help, your next choice is to drop a note to the Dean of the School of Music, New York City, or make an appointment. If a class is collectively having difficulty, the Dean of the School of Music is obligated to speak with the professor and try to straighten out the matter. That is true of any of the disciplines. You are also protected from every kind of harassment that any secular institution protects you from, and you are under the same regulations. If you believe that a professor or student is harassing you for racial, sexual, or other reasons, please do not hesitate to let the Dean of the School of Music know so that appropriate investigation can be made and action taken.

12. Myth: If I must be absent from a class so I can do extra studying, it should probably be Chorale or other ensemble, because it doesn’t count much.

• Fact: Ensembles are the most “visible” of the music classes and therefore is extremely important to the institution. It is also a required course for every music major. After three absences, you can fail this course; if they are consecutive, you are automatically dropped (unless there is a medical or personal emergency that is well documented). You can lose your status as a music major by not coming to Chorale, even if you are taking it for no credit. Warning: Scholarship students will lose their scholarships if they do not go to scheduled events. This is the understanding upon which ensemble scholarships are granted.

13. Myth: I’m paying for my applied music lessons, so it doesn’t matter if I go or not.

• Fact: Applied Music lessons are graded just as any other class is. Music majors should NEVER skip lessons, because they get a zero grade when they do. Unless you are ill, there is NO obligation on the part of the professor to make them up (see #6). All BM and Mus.Ed majors have a Jury at the end of EACH semester, and B.A, AS, and BS, at the end of the second semester, or once a year. You must be prepared to play a certain number of pieces from memory. Music lessons are the “heart” of the major. Don’t skip them!!

14. Myth: Unless I play or sing during a recital, I don’t need to go.

• Fact: You are required to attend five recitals, each semester. You are there to learn and to support others, even if you aren’t performing. This is what it means to be a good colleague—an essential part of your college experience.

15. Myth: All classes must be offered when I can attend them.

• Fact: We make every effort to plan our classes in day/evening rotation. Rarely (but sometimes), something may come up which you cannot attend, either a music course or another Core course. You need to prepare for this and make other arrangements—even if
you might have to take a class at another college and transfer the credit. Again, please see the calendar of course rotation and **plan your schedule several semesters ahead**. Work this out with your advisor.

16. **Myth:** My advisor is responsible for my success and will see that I get all the classes I need.

- **Fact:** YOU are responsible for picking out your classes, and ultimately, for making sure that you get all the classes you need in time to graduate. Keep track of what you are doing!

17. **Myth:** I should only take classes in which I am pretty sure I can get an “A”.

- **Fact:** You must take Core classes, and the sooner you take some of them (such as College Writing I), the better--you’ll do better in other courses if you get some of these “out of the way,” and you won’t graduate without them, anyway. It is best to follow the 4 year plan as outlined in the catalog. **You must take a minimum number of classes each semester that show you are progressing toward graduation or you will lose your financial aid. Additionally, you must earn grades required by the benchmarks to continue in the music degree program.**

18. **Myth:** If I only have a few classes left, I may “walk” at graduation (participate in the ceremony).

- **Fact:** You must have completed everything (including appropriate ETS, Music Education, or CELT tests or other assessments) if you are to “walk” at graduation, as well as to be awarded the diploma. The College will not grant you the Degree and your diploma until you have finished all of the required coursework. If you register for the summer session, AND PAY SUMMER TUITION, before commencement you are allowed to walk.

19. **Myth:** If I go to college for four years, I will graduate.

- **Fact:** While this is possible, it is very difficult under some conditions. Music Education people must take an extra semester for student teaching, for example; Conditional students may be required to take non-credit classes which extend the time necessary to graduate; student’s work and study schedules may not permit the load necessary (15 credits per semester NOT INCLUDING DEV or conditional classes). Graduation means completing 120 of the **correct** credits for the major, or more if more are required. (140 for Music Education) This is especially difficult if you change majors. Some majors require the senior thesis (Interdisc) and all music majors, a minimum GPA. All majors require a 2.0 GPA to graduate. Know your requirements! Refer to the **Benchmarks** above.

20. **Myth:** I can take classes in any order I want to.

- **Fact:** Some classes have prerequisites and MUST be taken in order, whether it is convenient or not.

21. **Myth:** If I am placed in a higher course, I don’t have to make up the credits for the ones I skipped.

- **Fact:** If you place into a higher division, for example, of Music Theory, or if you are allowed, by placement, to skip any other foundation class, you **must** make up the credits with other electives, often music electives. A degree in New York State is almost always 120 or more credits. **However, you can, by taking a CLEP test, receive college credit for knowledge gained, and NOT have to replace the credit, since you get credit for it**
by passing the test. This is especially helpful in any of the Core subjects. If you are fluent in a foreign language and write well in that language, try to CLEP out of it.

22. **Myth**: I may take private lessons from whomever I choose, and if I don’t get along with them, I may change to someone else.

   - **Fact**: Assignments are made only by the Dean of the School of Music in consultation with other faculty, with your needs and your schedule—as well as the professor’s—in mind. Normally, when you start with one professor, you continue with them throughout your schooling. However, adjustments can be made if there is sufficient reason. Classes are filled according to schedule. Don’t expect a professor who teaches lessons on Monday or Tuesday to come in on a Wednesday, Thursday, or Friday to teach you.

23. **Myth**: My professor will provide me with my music or duplicate it for me.

   - **Fact**: While there is some music available on CD Rom in the Wilson Library, it is the responsibility of the student to purchase the music. *The duplicating machine on the 22nd floor is for faculty only and not to be used by students to duplicate textbooks or music.* There are rather strict guidelines in place about music copyright and the School of Music is obligated by law to live within these regulations.

24. **Myth**: If I have a problem, the Administrative Assistant will change my schedule.

   - **Fact**: The Administrative Assistant will NOT change your schedule. Only upon consultation with your advisor, and only according to school policy, can your schedule be changed, by the registrar or online at the Student Portal, which has very strict date requirements. Please DO NOT change your schedule without your advisor’s knowledge.

25. **Myth**: My financial aid will continue as long as I am in college.

   - **Fact**: The State and Federal financial aid programs are four-year programs. It is therefore important for you to finish college in a timely manner, if you are depending upon TAP, PELL, and some student loans. MANY GRANTS, AND ALL MUSIC GRANTS, ARE GIVEN ONLY TO FULL TIME STUDENTS.

**PERSONAL PROPERTY**

The college is not responsible for damage or loss of personal property stored or used in college owned buildings or on college-owned property. Students are advised to maintain adequate insurance coverage for instruments, computers, stereos, etc.
