Welcome

“For I am confident in this very thing, that He who began a good work in you will be faithful to perfect it until the day of Christ Jesus.” Philippians 1:6

There are many reasons you may choose to pursue your seminary education at Alliance Theological Seminary, although in the end, only one really matters.

You may come to ATS because of our commitment to your academic preparation—the professors who will instruct you are some of the best in their academic fields.

You may come to ATS for the Christian fellowship that exists among our students, faculty, and staff—our campus is a community of brothers and sisters in Christ, and the friendships you will form here won’t just last a lifetime. They will last an eternity.

You may come to ATS to grow in the faith—our highest priority is your spiritual preparation. The seminary has always excelled at equipping the saints for every good work, and helping sharpen Christian men and women for God’s service remains the focus of all our diligence and our most earnest prayers.

You may come to ATS because you will practice what you learn. Ministry opportunities abound here. Experience is a great teacher—especially with guidance from caring and competent faculty. ATS is known for graduates who already know how to serve and minister.

Ultimately, though, I pray that if you choose to come to ATS, it will be because God is calling you here. As I stated above, this seminary—this community of maturing and committed Christians—exists to prepare believers for whatever God calls them to do. If you come to ATS, our charge before the Lord will be to help you grow academically, experientially and spiritually so that you can glorify Christ with your life.

This is a great responsibility—a responsibility I, along with our entire faculty and staff, eagerly embrace. We understand that if God is leading you here, then He has a plan for you here. And if He has a plan for you here, then He has a plan for us, too. It is my hope that the next steps in your walk with Christ will be at ATS. We would consider it a privilege to take those steps alongside you.

Alliance Theological Seminary is the national seminary of The Christian and Missionary Alliance, centered in metropolitan New York with extensions in other parts of the United States and abroad. As a multicultural, evangelical seminary, ATS is committed to developing in men and women a personal knowledge of God and his work in the world in order to equip them for the ministry of the gospel of Jesus Christ and the expansion of his church.

**MISSION**

This statement of mission implies the following:

First, submission to the authority of God’s revelation in the Old and New Testaments and its applicability to human life in every age and every culture within the framework of the historic evangelical Christian faith.

Second, a commitment to serve the C&MA through (1) its location in a major metropolitan, multicultural environment, (2) its intentional urban involvement, (3) its transcultural emphasis in programs so as to provide the best possible training ground for ministry within this missionary-sending denomination and within the 21st century church at large, (4) the intercultural and international character of its faculty, staff and student body.

Third, the development of students according to their needs and potential through the integration of spiritual and character formation, theological and social science education, and ministry skill competency. Students are encouraged to know God and his work, particularly across national, racial and cultural lines, so that they can help others know and respond authentically to his grace.

**CORE VALUES**

Nyack College and Alliance Theological Seminary seek to exalt Jesus Christ and fulfill their mission by being:

**Socially Relevant**: Preparing students to serve in ministerial, educational, healing, and community-building professions.

**Academically Excellent**: Pursuing academic excellence in the spirit of grace and humility.

**Globally Engaged**: Fostering a global perspective within a multi-ethnic and multicultural Christian academic community.

**Intentionally Diverse**: Providing educational access and support to motivated students from diverse socioeconomic backgrounds.

**Personally Transforming**: Emphasizing the integration of faith, learning, and spiritual transformation.
"The Fear of the LORD is the beginning of Wisdom (hokhmah); Knowledge (da’at) of the Holy is Understanding (binah).” Proverbs 9:10

Alliance Theological Seminary is committed to providing the environment, program and resources necessary for the attainment of Biblical WISDOM (hokhmah). This wisdom includes but is not limited to the intellectual. It is fundamentally personal, social and practical. Some components of Biblical wisdom are maturity, knowledge, proficiency, and praxis.

This commitment may be expressed in four distinctive goals (each of which is more precisely defined by particular objectives the Seminary desires its students be able to do):

1. To provide the resources and environment in which students can mature in spiritual and character formation.
   - Distinguish strengths, passions and potential that refine a sense of personal identity and lead to self-confidence; discover non-strengths, attitudes and priorities that impede growth and ministry.
   - Demonstrate patterns of study, devotion and service that evidence a disciplined lifestyle.
   - Demonstrate a commitment to an integrated life of piety and compassion for people with the necessities and demands of day-to-day living.

2. To provide the resources and environment in which students can become knowledgeable in Biblical studies, theology and the social sciences.
   - Demonstrate an understanding of the content of the Christian Scriptures, exhibit a sound methodology for their study and derive from them a conceptual framework for applying them to contemporary life and current phenomena in ministry.
   - Demonstrate an understanding of Biblical mission, the development of theology, the heritage of the C&MA, the evangelical tradition, and the values and practices of the life of faith.
   - Demonstrate an understanding of the development and interactions of people as part of human culture and society; appreciate the major concepts, principles, and methods of inquiry found in the social sciences.
Mission, History, and Accreditation

- Engage diligently and honestly in research and independent study on a life-long basis.

3. To provide the resources and environment in which students can become proficient in relating to the church and its cultural manifestations and mission.
   - Utilize insights from the social sciences in theological reflection upon the church as spiritually created in Christ and empirically evident in human society.
   - Create theologies that are relevant to current situations as well as faithful to the Biblical text.
   - Dialogue meaningfully with people of other cultures about the nature and mission of the church.
   - Articulate a developed sense of call to ministry within the locus of the church.

4. To provide the resources and environment in which students can become competent, cooperative, creative, and compassionate in the practice of ministry.
   - Communicate clearly and effectively in oral delivery whether in formal settings or in non-formal settings.
   - Demonstrate an ability to lead and work as a member of a team toward a particular end in ministry.
   - Demonstrate an ability to create appropriate and culturally authentic programs in the areas of worship and evangelism.
   - Demonstrate an ability to bring healing through counseling in a one-to-one or group setting.

In order to realize these goals, Alliance Theological Seminary takes students through a three-phased formational sequence in its professional programs.

The Person Phase brings together vehicles, courses and activities designed to help the student develop disciplined patterns of living and thinking. The focus in this phase is on the discovery of personal habits and lifestyle effective for ministry, and an authentic Biblical, theological and transcultural methodology from which to work. This phase targets specifically though not exclusively GOALS 1 and 2.

The Church Phase is designed to give students a clearer picture of the transcultural nature and mission of the church they will serve. Beginning with a better grasp of themselves and a paradigm from which to work, students are encouraged to refine their call to ministry within the locus of the church, and develop a hands-on ecclesiology by being
brought into closer contact with the local church and its ministries. This phase targets specifically though not exclusively GOAL 3.

_The Ministry Phase_ looks toward applying the perspectives gained from the previous phases to the current issues and phenomena of ministry. Through ministry tracks, students may focus their studies in the direction of specific vocations. The phase also concentrates on skills necessary for effective ministry. This phase targets specifically though not exclusively GOAL 4.

**SPIRITUAL FORMATION**

In light of God’s desire and provision for His children to become like Christ and societal demands for His servants to be mature and equipped for ministry, ATS places great importance on spiritual formation within the curriculum.

Spiritual formation is spiritual in that it is awareness of God in the whole being; it is formation in that it is development or growth in who we are and what we do as maturing Christ followers. Our baptism in Christ is the foundation for living in a relationship of intimate responsiveness to God. The presence of the Holy Spirit operates in and around our lives to shape us into Christ-likeness and draw others to be devoted Christ followers. The process of spiritual formation at ATS is designed to address every aspect of human interaction.

At ATS, spiritual formation takes place in several environments: classroom, community, local church and other out-of-classroom settings. In the classroom, each professor is a Christian scholar who models Christ and love for His Church, and for some students, a professor becomes a mentor. Students learn from each other in peer groups and from guest scholars and practitioners. A curricular aspect of spiritual formation for students in the Master of Divinity and Master of Professional Studies degree programs is the required phases of Mentored Development. Spiritual formation takes place in community as students interact with ATS administrators, staff, and each other and together worship the Lord in *Encounter* (chapel). It takes place in a local church where some students find mentors. And, it takes place outside the classroom where students find opportunity to experience their faith in nontraditional ways. Short-term mission trips, wilderness experiences, directed retreats, field trips, shadowing selected leaders, and field education create space within and challenges alongside the academic schedule where students can pursue the passion and possibility that God has placed in their lives. These experiences require an initial risk of faith but the overall impact lasts for a lifetime.
STATEMENT OF FAITH

Alliance Theological Seminary is committed to a thoroughly evangelical Christian view of humanity and the world.

We believe:

There is one God, who is infinitely perfect, existing eternally in three persons: Father, Son and Holy Spirit. Jesus Christ is true God and true man. He was conceived by the Holy Spirit and born of the Virgin Mary. He died upon the cross, the Just for the unjust, as a substitutionary sacrifice, and all who believe in Him are justified on the ground of His shed blood. He arose from the dead according to the Scriptures. He is now at the right hand of the Majesty on high as our great High Priest. He will come again to establish His kingdom of righteousness and peace. The Holy Spirit is a divine person, sent to indwell, guide, teach, empower the believer and convince the world of sin, righteousness, and of judgment.

The Old and New Testaments, inerrant as originally given, were verbally inspired by God and are a complete revelation of His will for the salvation of man. They constitute the divine and only rule of Christian faith and practice.

Man was originally created in the image and likeness of God; he fell through disobedience, incurring thereby physical and spiritual death. All men are born with a sinful nature, are separated from the life of God, and can be saved only through the atoning work of the Lord Jesus Christ. The portion of the impenitent and unbelieving is existence forever in conscious torment; and that of the believer, in everlasting joy and bliss. Salvation has been provided through Jesus Christ for all men; and those who repent and believe are born again of the Holy Spirit, receive the gift of eternal life, and become the children of God.

It is the will of God that each believer should be filled with the Holy Spirit and sanctified wholly, being separated from sin and the world and fully dedicated to the will of God, thereby receiving power for holy living and effective service. This is both a crisis and a progressive experience wrought in the life of the believer subsequent to conversion. Provision is made in the redemptive work of the Lord Jesus Christ for the healing of the mortal body. Prayer for the sick and anointing with oil are taught in the Scriptures and are privileges for the church in this present age.

The church consists of all those who believe on the Lord Jesus Christ, are redeemed through His blood, and are born again of the Holy Spirit. Christ is the Head of the Body, the church, which has been
commissioned by Him to go into all the world as a witness, preaching the gospel to all nations.

The local church is a body of believers in Christ who are joined together for the worship of God, for edification through the Word of God, for prayer, fellowship, the proclamation of the gospel, and observances of the ordinances of baptism and the Lord’s Supper. There shall be a bodily resurrection of the just and the unjust; for the former, a resurrection unto life; for the latter, a resurrection unto judgment.

The second coming of the Lord Jesus Christ is imminent and will be personal, visible and premillennial. This is the believer’s blessed hope and is a vital truth which is an incentive to holy living and faithful service.

HISTORY

ATS has its roots in the program of Jaffray School of Missions, founded in 1960, which emphasized the interdisciplinary encounter between theology and the social sciences. In 1974, the Jaffray program was redesigned to include the preparation of students for North American as well as overseas ministries. The name of the school was subsequently changed to Alliance School of Theology and Missions, and for the first time the Master of Professional Studies degree was offered.

In September of 1979, the Master of Divinity program was initiated, and Alliance School of Theology and Missions became Alliance Theological Seminary. Increased course offerings and additional faculty have enhanced the seminary’s commitment to the worldwide evangelistic task of the church. This commitment has permeated all facets of its program.

The Christian and Missionary Alliance is the sponsoring denomination of the seminary. The C&MA began in 1887 when Albert B. Simpson founded two organizations, the Christian Alliance (an interdenominational fellowship of Christians dedicated to experiencing the deeper Christian life) and the Evangelical Missionary Alliance (a missionary sending organization). The two merged in 1897 and became The Christian and Missionary Alliance.

Dr. Simpson organized a training school for missionaries in New York City in 1882. The school moved to the village of Nyack, New York, in 1897 and in time became Nyack College. ATS, then the Jaffray School of Missions, was founded as a graduate program of Nyack College in 1960. Even as the C&MA was first a missionary sending agency, which became a missionary denomination, so Jaffray School of Missions has become a missionary-minded seminary. The common goal
Mission, History, and Accreditation

of the C&MA and ATS is to proclaim the gospel of reconciliation to all people.

In 1997 Alliance Theological Seminary established a satellite program in lower Manhattan. The goal of the ATS-NYC campus is to make seminary studies accessible to those who work in the city and to provide a thoroughly urban context for theological education.

The Christian and Missionary Alliance recognizes ATS as the denomination’s official seminary in the United States. Although the seminary was established by and for the C&MA, it welcomes students from all fellowships who identify with its objectives and wish to participate in its programs.

ACCREDITATION AND AFFILIATION

Alliance Theological Seminary is accredited by The Association of Theological Schools in the United States and Canada and, as a division of Nyack College, by the Middle States Association of Colleges and Schools. ATS operates as a graduate school of Nyack College under the charter of Nyack College granted by the Board of Regents of the State Education Department of the University of the State of New York. The Board of Regents for the State of New York empowers Nyack College to grant the Master of Divinity (M.Div.), the Master of Professional Studies (M.P.S.), and the Master of Arts (M.A.) degrees, as well as undergraduate programs leading to Associate and Bachelor degrees (see the Nyack College catalog for a description of its programs).

The U.S. Department of Justice lists the seminary for training of international students. Also, the State Education Department approves ATS for training of veterans under Public Laws 530 and 894. ATS is also a member of the Institute of Theological Studies, which provides independent study courses applicable towards degree study.

Membership in the American Theological Library Association (ATLA), the New York Area Theological Library Association (NYATLA), the Southeastern New York Regional Library Council (SENYLRC), and Westchester Academic Library Directors Organization (WALDO) provides cooperative access to interlibrary services and resources.

ATS is also a member of the national honor association of Who’s Who Among Students in American Colleges and Universities. Each year the faculty nominates a number of students who exemplify outstanding scholarship, character, leadership and service.
ANTI-DISCRIMINATORY STATEMENT

Students, faculty and staff of varied backgrounds make up the seminary community. Alliance Theological Seminary does not discriminate on the basis of race, color, national and ethnic origin, age, sex, or handicap in admission, participation or employment in campus programs or activities. The programs are operated in compliance with Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, Title VI of the Civil Rights Act of 1964, and all other relevant statutes and regulations.
Locations and Facilities

ROCKLAND CAMPUS

Alliance Theological Seminary is located in the small suburban community of Nyack overlooking the historic and picturesque Hudson River Valley. Just 25 miles north of New York City, ATS is the largest accredited evangelical seminary between Boston and Philadelphia. It reaches North America’s largest urban population of over 22 million people, and is uniquely qualified to train students with an awareness of the worldwide trend toward urbanization and cultural plurality. This diversity prepares students to encounter the world as they will truly find it.

The ATS campus houses classrooms, library, faculty and administrative offices, chapel, the Solid Rock Café and casual social areas for students. The seminary’s four main residence complexes are located 1.3 miles from ATS on the campus of Nyack College at 1 South Boulevard, in South Nyack, NY.

Members of the seminary community have access to all facilities on the Nyack College campus and are welcome to attend the school’s athletic, worship and cultural events. Bowman gymnasium and an athletic field are in close proximity to the seminary’s residence buildings.

POLICIES AND PROCEDURES

Academic Probation and Dismissal from Degree
1. A student who achieves a cumulative GPA of less than 2.5 is placed automatically on academic probation.
2. If a student on academic probation fails to achieve the required 2.5 GPA, s/he may be dismissed from the seminary.

Advisement and Consultation
Students admitted into degree programs will be assigned a faculty advisor to assist them in planning their studies at ATS. Faculty-student partnering is designed to provide professional as well as academic guidance. Responsibility for reaching satisfactory completion of all academic requirements rests with the student. The student is responsible for conferring with the Registrar when course substitution is needed or transfer credit is requested. Non-degree students who intend to seek degree admission may request advisement from the Registrar or a faculty member.

Class Attendance
Class attendance is fundamental to good scholarship and is expected of all students. Professors may set a class attendance policy for each course and describe it in the course syllabus.

Completing More Than One Degree
The total time required to complete more than one degree will be determined by the demands of the two degrees combined. In cases where the Master of Arts is combined with the Master of Divinity, it will in no case be less than a total of four years of full-time study.

Course Credits
Courses are generally offered for the number of credits listed in the course description section. Students may be permitted, however, to enroll in a class for one more or one less credit than is listed on the course schedule by procuring permission and the signature of the faculty member teaching the course. Arrangements must be made with the faculty member granting permission for any adjustments in course requirements. The form for changes to course credits is available in the Registrar’s Office.
**Academic Information**

One credit is equivalent to 15 hours (50 minute periods) of classroom instruction. These hours may be scheduled over a 14-week semester or in intensive shorter sessions.

**Disabilities Support Services Policy Statement**

It is the policy and practice of Alliance Theological Seminary to comply with Section 504 of the Rehabilitation Act, the Americans with Disabilities Act (ADA), and state and local laws regarding students with disabilities. Under these laws, no disabled, but otherwise qualified student shall be denied access to, or participation in services, programs and activities at ATS.

ATS is committed to the student as a whole person, and believes that each student has infinite value to God. ATS desires that all students that we serve realize their full potential and recognize the unique value of others. In this spirit, we provide reasonable accommodations to disabled students to help optimize their learning experience, while encouraging them to develop and maintain independence.

All communications between students and Disabilities Support Services staff are confidential, as is any supporting documentation maintained on file.

**Eligibility for Support Services:** Eligibility for disabilities support services at ATS is dependent upon the nature of the particular disability and its impact on learning. Although a student might meet eligibility requirements of vocational rehabilitation, disabled veterans or any other rehabilitation agency, he/she may not meet eligibility at ATS.

**Supporting Documentation:** Requests for accommodations must be accompanied by current and comprehensive documentation from a qualified practitioner (developmental pediatricians, neurologists, psychiatrists, licensed clinical or educational psychologists, family physicians, etc.). The documentation legitimizes a student's request for accommodation and, in general, should include:

- Identification of the nature and extent of the disability.
Academic Information

- Specific information on the functional limitation as related to the academic environment.
- Description of the current course of treatment including medical side effects.
- Prognosis for the disability.
- Recommended reasonable accommodations.
- Standardized testing services. Generally, an Individualized Education Plan, 504 Plan, or General Education Initiative from a secondary school does not provide thorough information for the documentation of disability and needed accommodations. Submission of documentation is not the same as the request for services; these are two different steps in the process of determination and provision of appropriate accommodations.

Student Rights and Responsibilities: In addition to notifying and documenting the need for accommodations, students with disabilities also have the following rights and responsibilities:

- Equal access to all programs.
- Assurance that disability-related records will be used only to determine appropriate services and will be maintained separately from academic records.
- To initiate all requests for services and/or accommodations to the appropriate office.
- To give the appropriate office advance notice of needed accommodations.
- To meet with a Disabilities Support or Supplemental Services staff member for an intake appointment and discussion about the nature and impact of their disabilities.

General Accommodations/Services: Based on documentation and recommendations provided by a qualified professional, accommodations/services provided may include: extended time on tests, a non-distracting testing environment, help with getting taped textbooks, note takers or access to class notes, tape-recording of lectures, readers, early class registration.

Enrollment Status

Course Load: Students may not carry more than seventeen credit hours in any semester (including the adjacent short term) without special permission granted by the Registrar and the Academic Dean.

Full-Time Status: This term is interpreted differently by different agencies for diverse reasons. The Association of Theological Schools calculates enrollment of member schools by the average load needed to graduate in the normal time. This would be 31 hours a year at ATS or 15
Academic Information

hours each semester including the adjoining short term. New York State recognizes 9 semester hours as full-time. The seminary considers a student taking 12 hours or more as being full-time, and, based on this, determines fees and eligibility for housing and benefits.

Part-time Status: Students taking 11 credits or less are ascribed part-time status.

Auditors: Auditors are students who attend class but are not taking the class for credit.

Extensions for Late Work

Central to the educational purpose of Alliance Theological Seminary is its commitment to character formation and the development of personal integrity. In this pursuit, the seminary provides challenges and supports that reflect the demands of contemporary ministry.

While the seminary wishes to assist students who have legitimate reasons to seek extensions for late work, it recognizes that extensions are not likely to be granted by a congregation ready to hear a sermon, a small group waiting for the direction of its leader, or a board expecting a report. Regardless of unexpected demands that have distracted the minister’s preparation, ministry must go on. It is with this perspective in mind that ATS has designed its policy on extensions for late work.

1. Extensions may be granted at the faculty’s discretion. Faculty have the right to refuse to accept, or may lower the grade on, work submitted past the scheduled deadlines for the course. Extensions for late work may be requested only in the case of circumstances clearly beyond the student’s control.

2. Extensions are not normally granted beyond one additional semester.

3. At the close of a semester, students will be graded based on the work submitted up to that point. A grade of “I,” or “Incomplete,” is not an option. At the extension deadline, an adjusted grade will then be submitted to the Registrar’s Office. A student who does not complete the required work within the approved period of extension will receive a final grade based on work submitted on or before the expiration date of the extension.

4. Should a grading professor deny a student’s request for an extension, the student has the right of appeal to the Academic Dean.

Family Educational Rights and Privacy Act of 1974

In accordance with federal law, students are hereby notified that they have the right to inspect and review any and all official records, files and
data pertaining to them, including all materials incorporated in their cumulative record folder.

Students have the opportunity for a hearing to challenge the contents of these records to ensure that they are accurate and not in violation of any of their rights.

Students also have the opportunity for correction, amendment, or supplementation of any such records.

The only information that will be given out concerning the student will be directory information as defined in the act, unless the student has specifically waived his/her rights within this act. Directory information may include the student’s name, address, telephone listing, date and place of birth, major field of study, participation in any recognized club, organization, or activity, spouse, academic classification, schedule, degrees, awards, and the most recent previous educational institution attended. Should students desire that ATS not disclose any or all of the foregoing information, they must notify the Registrar in writing within 30 days of the commencement of the term or semester they enter ATS, or within 30 days of the commencement of any fall semester.

Students with questions concerning their rights within this act are urged to contact the Registrar’s Office.

**Grades**

Students may view their grades online with password-secured access. A minimum grade point average of 2.5 must be maintained in all credit-bearing programs.

Grading and grade points are as follows:

### A
Indicates exceptional performance that is clearly beyond the expected standard. The student displays a comprehensive knowledge of course content and methodology, skill in communicating that knowledge, as well as originality and independence in application. The work evidences interaction with scholarly literature that goes beyond course requirements and exhibits few or no mechanical, stylistic, or grammatical errors. The student provides a striking individual style that is clear and lively without detracting from the academic nature of the work.

### B
Indicates that the expected standard has been achieved. The work evidences few mechanical, stylistic, or grammatical errors, and demonstrates reasonable organization and development of ideas. Ideas
are clearly and logically expressed, supported well by relevant literature, and properly documented.

**C**
Indicates that work is below the expected standard in many respects. The work displays a basic understanding of principles and materials treated in the course but the expression of the understanding is significantly impeded by any of the following: lack of conceptual organization, development, and flow of ideas; inadequate documentation of sources; significant errors in spelling, grammar, style, or mechanics.

**D**
Indicates that the work is significantly below standard and is only minimally acceptable for credit. The work reveals a lack of understanding or serious misunderstanding of the principles and materials treated in the course. Submitted work lacks a clearly defined thesis and/or fails to support the thesis with appropriate research, fails to provide proper source citation, or relies mainly on summaries or paraphrases of other people’s work. The work contains poor sentence structure, punctuation, grammar, and style.

**F**
Indicates failure. The student displays inadequate or fragmentary knowledge of course content and methodology. The work contains plagiarized materials.

Graduation Requirements

The seminary recognizes two graduation dates, December and May, for students who complete degree requirements at different times of the year. Graduation ceremonies, however, are held annually in the month of May. It is expected that each graduate will participate in all the activities scheduled. Graduates living long distances from the seminary may graduate in absentia.

Only students who have completed all the degree requirements and have been approved by the faculty will be permitted to participate. Students who have outstanding financial obligations will not be allowed to participate in the graduation ceremonies, and will not receive a diploma until all academic and financial requirements are fully met.

A graduation application must be submitted to the Registrar’s Office no later than February 15 for graduation in May, and no later than October 15 for graduation in December. The application is the only means by which the school is notified of a student’s intention to graduate. A graduation audit of coursework will be issued to the student upon submission of the application.

Field Education must be satisfactorily completed with the mentor’s evaluation sent to the Director of Field Education two weeks before the scheduled graduation date. The final summative experience for the M.A. program must be completed and the grade submitted to the Registrar by May 1 in order for the student to participate in the graduation ceremony.

2. Satisfactory completion of the Bible Tutor Proficiency Exam.
4. Approval by faculty.
5. Complete payment of all financial obligations with ATS.

**Grievance Procedure**

The grievance procedure for Alliance Theological Seminary is available in the current student handbook.

**Leave of Absence / Reactivation**

Students enrolled in a degree program who do not register for the next semester in sequence must be readmitted upon their return to the school through the Office of Admissions. Students may be readmitted any time within three years after the withdrawal date by completing a reactivation application. All other students must make full application again through the Office of Admissions.

**Immunizations**

New York State Public Health Law 2165 requires post-secondary students born after January 1, 1957, to show protection against measles, mumps and rubella. Two doses of measles vaccine are required. An immunization verification form is available in the Office of Admissions or the Registrar’s Office. Students enrolled for fewer than 6 credits per semester are exempt. In addition, immunizations must be up-to-date and documented for all international students.

**Registration**

The *Registration Period* is an opportunity for students to choose courses for the following term of attendance. This information is the basis for ordering textbooks, assigning sections, classrooms and faculty. Registration for the spring semester starts in November and in April for
the following fall semester. Registration closes at the end of the first week of classes. Registration is completed by paying a minimum of 1/3 of tuition costs and fees for the semester and signing a statement of account by the end of the registration period.

Late Registration: Students are expected to register for courses and present the minimum payment during the Registration Period. Students are permitted, however, to complete a late registration for one week after the registration period. A $100.00 fee is assessed for late registrations.

The Course Change Period occurs during the first week of classes and allows students to make changes in their registration by dropping or adding classes. There is no charge for changes made during this period.

Changes in Registration: Students desiring to change their registration must submit a Change of Registration form available in the Registrar’s Office. All changes require the signed approval of the advisor. After the Course Change Period, the only allowable changes are withdrawal and change to audit. Changes permitted once the Course Change Period ends will bear financial repercussions.

To change a course to audit or withdraw, a student must complete the Change of Registration form and obtain the signed approval of the advisor. This change is only permitted until three weeks before the end of the semester, or the equivalent in the case of a short-term course. Changing a course to audit or withdrawal does not relieve the student of the tuition charges for the course, unless the change is completed before the Course Change Period ends.

Scheduling of Classes

The annual course schedule includes semester-long classes and short-term classes (fast track and intensive formats). The semester courses are offered in both the fall and spring, and scheduled in blocks of time so that a particular course usually meets only once each week. Fast track classes reduce the number of overall sessions by extending the normal length of a given session. Intensive classes are primarily offered in the Winterim and May term at the end of the fall and spring semesters respectively. These courses are designed for intensive study during one or two week periods meeting several hours each day. In some cases, short-term course assignments are completed after the class sessions are finished and are submitted by a specified date as prescribed by the professor.

Student Classification

Students who are enrolled in the M.Div. program and have more than 59 credit hours hold a senior status. Not all seniors are graduating
**Academic Information**

seniors. Students in the M.Div. program who have more than 25 credit hours are classified as middlers. Students in the M.Div. program with less than 25 credit hours are classified as juniors. All students in the M.P.S. program will hold a first year status until 25 credit hours have been completed.

ATS allows non-degree students to enroll for classes. These students may subsequently apply for degree status through the Office of Admissions. Standard tuition costs apply and appropriate credit is given (see the Non-degree study section).

**Transcripts**

Official transcripts are issued only upon written authorization of the student (signature required). Transcripts will not be issued if the student's account is in arrears. A minimum of one week should be allowed for processing. The following fees apply:

- $5.00 - 1st transcript
- $1.00 - Each additional copy ordered at the same time
- $3.00 - Fax fee (unofficial transcripts only)
- $10.00 - Rush fee (processed within 2 business days)

**Transfer of Credits**

ATS accepts the transfer of credits from recognized and accredited seminaries and graduate schools. Such credit must be validated by an official transcript. Each transcript is evaluated in its correspondence to the required courses and standards of ATS. Transfer credit is not given for courses below a “C” grade. All ATS degree candidates must take their last thirty hours at ATS. Requests for transfer of credits must be made at the Registrar’s Office.

**Transfer of Degree Program**

To transfer from one degree program to another, a student must have formal approval from the Registrar and his/her advisor. Prerequisites and requirements for the desired degree must be met. To transfer from non-degree student status to a degree program, the student must have formal approval from the Director of Admissions. Application forms are available in the Office of Admissions.

**Veteran’s Requirements**

Students receiving Veterans Administration Educational Assistance Allowance are required to meet certain minimum standards in attendance and academic progress towards graduation. The student is responsible to
report immediately to the Registrar’s Office any change of status in enrollment or withdrawal. Further information/assistance may be obtained by contacting the school’s V.A. Certifying Official: Yutta Johnson, 845-358-1710, yutta.johnson@nyack.edu.

Withdrawal from ATS

A student may withdraw from a course or courses until three weeks before the end of the semester or the equivalent in the case of a short-term course. A grade of “WD” will be entered into the student’s permanent record.

Withdrawal from all or part of a student’s registration does not relieve the student of the tuition charges for the course(s).

RESOURCES

Library

The ATS Library in Rockland (www.nyack.edu/ats/library) and the Henry Wilson Library (www.nyack.edu/library) in Manhattan support the primary academic research needs of ATS students and faculty. Resources of Nyack’s Bailey Library in Rockland are also fully available to seminary students. Combined, these collections contain approximately 150,000 books, 600 current print journal subscriptions, and resources in other media formats. Nearly 100 electronic databases direct student research to additional e-books, online full-text journals, and research databases, carefully selected to support each academic degree program at Nyack. From home or in the library, students search the combined online catalog of all three libraries and research across a broad assortment of multidisciplinary and subject-specific electronic databases such as the American Theological Library Association’s ATLA Religion Database. An intercampus delivery service allows students at one Nyack location to electronically request library material from another and have it delivered to their primary location. While students may individually avail themselves of their local public libraries and nearby academic libraries, the interlibrary loan service (in which the library requests material from other libraries on behalf of an individual student) further broadens access to the wealth of national and international resources.

The library staff is comprised of approachable professional librarians and library support staff (often ATS students themselves), firmly committed to excellence in the quality of the library and the level of service provided for the ATS community. Online services and guides, contact information, and information describing library policies are
provided through the website. Individualized reference assistance and group instruction (the latter often in cooperation with faculty) address immediate information needs but also emphasize skills of the lifelong learner and focus on developing new skills and increased confidence in each student’s ability to tap into a diverse array of information sources.
MASTER OF DIVINITY

The M.Div. program is a 93-credit curriculum that blends biblical studies, social science theory, spiritual formation and practical training with an emphasis upon critical and reflective thinking. It is recognized as the most comprehensive and basic level graduate preparation for ministerial leadership and for future study in the theological disciplines. Alongside the prescribed core curriculum and mentored development courses (see p. 49), students select a specific track and professional development courses, in line with their ministry and educational goals.

The M.Div. curriculum develops progressively over three years through the Person Phase, the Church Phase, and the Ministry Phase presented in “Our Model”. ATS offers a pre-substitution system for those who majored in Bible and Theology in their undergraduate program (see Course Sequence on page 36).

Purpose

The Master of Divinity degree is designed to produce whole people for general leadership in Christian service, whether in their own or in another culture, by bringing into dialogue the various dimensions of theological education. These dimensions are (1) church and academy, (2) theology and social science inquiry, (3) the biblical world and the contemporary world, (4) classroom and experience, (5) character and competence, and (6) wisdom and skill.

Goals

• To lay a foundation for personal development, moral integrity, biblical and theological knowledge, cultural understandings, and necessary skills for ministry.

• To focus development on (a) the person who ministers with spiritual maturity, (b) a hands-on ecclesiology and commitment to the church as the context for global ministry, mission, and service, and (c) ministry capabilities as a set of relational skills that must be learned and applied.

• To promote the integration of the personal, theological, and practical components of holistic ministry.

• To equip persons for a broad range of Christian service responsibilities, especially for ordained and/or licensed ministry in The Christian & Missionary Alliance and other denominations.

Master of Professional Studies

MASTER OF PROFESSIONAL STUDIES

The M.P.S. is a 48-credit program that focuses on training for persons in ministry. The curriculum offers broad flexibility in consultation with the faculty advisor. The program offers several professional development tracks: African-American Ministries, Church Development, Counseling, Chinese Ministries, Hispanic Ministries, Korean Ministries, and Urban Ministries. The professional development tracks are not intended to furnish the student with technical expertise for purposes of professional employment, certification, or licensure, but rather to provide training for enhancing one’s ministry focus in the local church setting.

Purpose

The Master of Professional Studies degree is designed to produce whole people for specific leadership in Christian service, whether in their own or in another culture, by bringing into dialogue the various dimensions of theological education. These dimensions are (1) church and academy, (2) theology and social science inquiry, (3) the biblical world and the contemporary world, (4) classroom and experience, (5) character and competence, and (6) wisdom and skill.

Goals

CERTIFICATE PROGRAM
Alliance Theological Seminary is aware of the unique challenges that contemporary leadership and laypeople face. The Certificate Program is designed as a means of providing seminary level training for those active in the local church who wish to broaden their knowledge of Scripture or develop cutting edge ministry skills. This not-for-credit program allows students to pursue interests in theological studies without requiring a bachelor’s degree or special background other than the qualification that applicants be “active in the local church.” The certificate requirements include:

1. Successful completion of 6 courses (18 credits) within a specific discipline.
2. Attendance at all class sessions and fulfillment of a single certificate assignment listed in the syllabus of each course.

Students wishing to earn transferable graduate credit must contact the Registrar and an Admissions Counselor prior to enrollment.

NON-DEGREE STUDY
ATS welcomes students who wish to enroll in classes for personal enrichment to apply as non-degree students. Non-degree students are eligible to receive graduate credit for their work, which may later be applied to degree programs.

General Prerequisites
1. A baccalaureate degree from an accredited college or university.
2. Minimum grade point average of 2.5. Non-degree students are welcome to apply for degree studies by completing the normal admissions process. While there is no limitation on the number of credits a non-degree student may complete, credits earned as a non-degree student may be applied to degree programs in the following manner:
   - A total of 30 credits earned as a non-degree student may be applied toward the Master of Divinity or Master of Professional Studies degree programs, or used as prerequisite credit for the Master of Arts.
   - A total of 6 credits earned as a non-degree student may be applied toward degree requirements for the Master of Arts.
Certificate Program/Non-Degree Study

AUDIT

Students are able to enroll in classes on an audit basis. Such classes are not applicable toward degree requirements. Auditors may complete course assignments, but their work will receive no evaluation. Alumni, as well as missionaries and clergy actively involved in full-time ministry may apply to the Office of Admissions to audit a course and receive a grant for the tuition (an audit fee must be paid).
MENTORED DEVELOPMENT

A curricular aspect of spiritual formation is the required Mentored Development section of the Master of Divinity and Master of Professional Studies degrees. The 9-credit program consists of three year-long phases (only year one is required for students in the M.P.S. degree). Year One: Initiation in Spiritual Formation and Practicum I and II (SF 501, 502); Year Two: Field Education Preparation (SF 691) and Field Education Assignment (SF 692); and Year Three: Practicum and Spiritual Formation Capstone I and II (SF 701, 702). Throughout the process, each student develops a portfolio of personal representations of their individual journey. Connections made form a network of personal and professional support that can extend into the future.

The goals of these three years of Mentored Development and ways to achieve them include the following:

1. **Students become increasingly aware of their personal spiritual reality.** Significant progress toward this goal is begun in the fall semester of year one: Initiation in Spiritual Formation and Practicum I (SF 501). Through reflecting on biblical truths, personal and spiritual assessment results, relationships and life experiences, students explain areas where growth has taken place and identify growing edges, including areas where healing is needed. In light of their context, they write their spiritual autobiography and share it with peer mentors. Self-awareness increases as they observe a different spiritual community and communicate their insights to a mentor. Each student begins a portfolio to keep important objects and written documents related to their spiritual formation.

2. **Students nurture a continuing desire to grow beyond their current spiritual reality, and gain tools and resources.** This second goal is the focus of the spring semester of year one, and each student takes the Spiritual Formation and Practicum II (SF 502) course immediately after completion of the fall semester of year one (SF 501). The centerpiece for each student is to design and implement a
spiritual growth plan that reflects his/her own longing for God. This plan is based on assessments and reflections of the fall semester course (SF 501), including dealing with their growing edges identified in the fall semester and assessment of their spiritual gifts. The plan demands faith-filled risks. Students continue to deepen their experiences of God’s presence through pursuing God in the spiritual disciplines and understanding how God worked in spiritual mothers and fathers of the faith. Ongoing small mentoring groups help to provide challenge and support to students. Students add important pieces to their portfolios.

3. **Students understand and expand their worldview and deepen their commitment to God.** After completing 30 credits of the M.Div. program, including SF 501 and 502, students enter year two: Field Education Preparation (SF 691) in the fall semester. Encountering people of different traditions and cultures allows students to take faith-filled risks to help expand their worldview. Written reflections are added to their portfolios. In addition, students learn to write a case study, present it to their small mentoring group, and continue implementing their spiritual growth plans. Those who need inner healing from past ministry wounds are supported in this regard.

   Students write their goals for Field Education Assignment (SF 692) and determine its ministry context and length: 3 credits (480 hours) or 6 credits (a minimum of 960 hours). Because it offers a more complete developmental opportunity, a 12 month full-time Field Education Assignment is strongly encouraged, especially for students who have limited ministry experience. In the Spring semester, students begin their Field Education Assignment (SF 692) and further expand their worldview and deepen their commitment to God.

   Usually, the Field Education Assignment is church-based and exposes students to a wide variety of ministerial responsibilities and specific ministries. Alternatives provide field experience for students who plan to work as a hospital or military chaplain, a professor in higher education, to serve in an overseas ministry context, or for those who have approximately 10 years of ministry experience (see “Field Education Alternatives” under “Special Programs”).

   The specific purpose is to deliberately integrate theory and ministry practice in three areas: spiritual formation, relational ability including leadership style, and biblical and theological understanding. Prerequisites are the progress a student makes in
implementing their spiritual development plan, local church participation and Field Education Preparation (SF 691).

This purpose of Field Education Assignment is reached through three avenues: (1) the mentor-student relationship with bi-weekly face-to-face dialogue sessions; (2) reflective written reports by students and mentors; (3) a small group of student peers facilitated by a mentor. Each avenue demands serious reflection on the experiences and relationships.

Mentors must be prepared for Field Education. Through learning experiences or workshops conducted by the seminary, mentors receive training to develop students to reach the purpose stated above. Students attend the workshops to facilitate the relationship with their mentor, and as students remember their goals for Field Education, together they write a learning contract that shapes expectations and details the Field Education Assignment. Follow-up for mentors by the seminary ensures additional support.

At the conclusion of Field Education students are graded. Each student places significant documents or objects into their Spiritual Formation portfolio begun in year one, and an exit interview with a purpose of processing the learning experiences and celebrating all God has done takes place.

4. Students are used by God in intentional disciple-making of others. Students work to attain this goal in year three: Practicum and Spiritual Formation Capstone I in the fall semester (SF 701) and Capstone II (SF 702) in the spring semester. Individually or as part of a team, students design and implement a new transformational ministry or participate in an established ministry for the purpose of deliberately discipling other people. With feedback from peer and other mentors, students refer to their portfolios as they synthesize personal and spiritual formation, biblical and theological understandings, and ministry experiences. Students clarify their calling as they seek God, and they modify their spiritual growth plan so they can implement it in the years following graduation from ATS.

Spiritual formation is multi-faceted as the Holy Spirit works to bring each Christ follower into conformity to God’s image. He uses the Word of God, relationships, as well as everyday and crisis life experiences in a variety of contexts. ATS provides many individual and community opportunities for God to work in and through each person to bring glory to Him!

CULTURAL PROGRAMS

Alliance Graduate School of Mission

The Alliance Graduate School of Mission (AGSM) is an innovative approach to ministry that prepares students for a lifetime of participation in intercultural and urban contexts, here and around the world. It capitalizes on ATS's unique geographical proximity to New York City. Students are launched into this formative program through a foundational core of innovative learning experiences. They pursue a specialized track in Intercultural Studies within the Master of Divinity program, or a research-based track in the M.A. (Intercultural Studies) program. As graduates prepare for ministry in the increasingly complex world of the 21st century, AGSM offers a practical seminary experience.

North American Chinese Bi-Cultural and Pastoral Ministries Program

The North American Chinese Bi-Cultural and Pastoral Ministries Program was established at ATS in 1987. Its first director (now Director Emeritus) was Dr. Philip Teng. Chinese churches worldwide are standing at a threshold of opportunity at the beginning of this new millennium. Churches ministering in Chinese languages continue to multiply in North America. Second generation Chinese ministries continue to expand. An increasing number of North American Chinese churches send out missionaries to different countries around the world. The need remains clear for a program designed for training mono- and bi-cultural students to evangelize and provide leadership for the Chinese churches.

The North American Chinese Bi-Cultural and Pastoral Ministries Program shares the responsibility to meet this great need by providing masters-level-trained pastors, missionaries and lay leaders for serving the Chinese churches in North America and overseas. The program consists of formal classroom instruction that will build into the student a spiritual and godly character, cultural sensitivity and understanding, and a theological foundation. The student will also experience classes in practical ministry, a one-to-one mentoring relationship, as well as many hands-on-ministry opportunities by serving a church through a Field Education experience.

Students will pursue a specialization in either Chinese Pastoral Ministries or Chinese Mission within the Master of Divinity program (Bible & Theology track) or the Master of Professional Studies program.
**Special Programs**

Interested students should contact the North American Chinese Bi-Cultural and Pastoral Ministries Program for specific information. The program is supported by the Chinese Church Association of The Christian and Missionary Alliance.

**Israel Studies Program**

In 1989 ATS inaugurated a biannual study program in the land of Israel. The program is conducted for approximately two weeks between the fall and spring semesters. This ATS-organized, -staffed and -guided program introduces students to the peoples and cultures of the Bible from within its own world. Lectures are delivered on site by ATS professors. Field study, a post-course assignment, and other kinds of experiences enhance what is possible in the classroom. The emphasis of the program is on relating the physical and cultural setting of the Bible to the meaning of the biblical text.

**Korean Studies Program**

The Korean Pastoral Program originated in 1984 as an extension of ATS in Flushing, New York. The program was supported by the Korean District of The Christian and Missionary Alliance. In 1989, with the growing population of Korean students on the main campus, the program was moved to Nyack. It continues as a fellowship of Korean students preparing for ministry in Korean churches in North America. Specialized module courses are taught regularly in Korean by Korean ministry specialists. The ATS Korean Student Fellowship exists to assist students in adjusting to life at ATS. Weekly prayer fellowships and other activities provide additional opportunities for community interaction.

Students will pursue a specialization in either Korean Pastoral Ministries or Korean Mission within the Master of Divinity program (Bible & Theology track) or the Master of Professional Studies program. Interested students should contact the Korean Studies Program for specific information.

**FIELD EDUCATION ALTERNATIVES**

**Clinical Pastoral Education**

This program permits students at Alliance Theological Seminary to receive credit for clinical experience through The Hospital Chaplaincy organization in one of several sites in the New York metropolitan area. This program partially fulfills credentials toward professional chaplaincy. Students will receive a certificate upon completion. Interested students should contact the Director of Field Education. Successful completion of
this program can fulfill the Field Education requirement for M.Div. students.

**Military Chaplaincy**

Students anticipating ministry in the Armed Forces are advised on matters pertaining to service as a chaplain. Those who are able to secure a commission leading to appointment as a chaplain may fulfill their Field Education requirements on active duty. The availability of such opportunities is determined by the sponsoring branch of the Armed Forces.

**OPEN CLASSROOM STUDY**

**Bible Tutor Program:** The purpose of the Bible Tutor is to assure proficiency in the essential content of the Scriptures and to enable effective ministry in the word of God.

The Bible Tutor Program is an academic online Bible tutorial with self-tests that enable students to prepare for the Bible proficiency exam required of all students in a degree program at Alliance Theological Seminary. Students typically view about 1,500 web pages to become proficient at the Bible Tutor. When ready, a proctored, electronically-generated exam tests students’ basic biblical knowledge in geography, people, dates, and general content. Failure to satisfy the 85% requirement will impede academic progress and incur an additional fee until satisfied.

Access to the material is restricted by a site username and password available through license agreement with Luther Productions. Information on the Bible Tutor Program is available in the Registrar’s Office.

**Directed Study:** A directed study is an independent course of guided research designed by the student and a faculty member. Interested students must have completed at least 12 credits of study at ATS with a cumulative grade point average of at least 3.0 and have prior approval of the Registrar and the Academic Dean. All assignments must be completed within the normal semester schedule.

No more than 20% of a degree program may be fulfilled through courses taken independently (combination of ISP courses & directed studies). Candidates for the Master of Arts may request to exceed this limit if their program requires special research. The requests must be submitted in writing to the Registrar’s Office and must be approved by the Academic Dean.
Special Programs

In addition to regular tuition and fees, a professor stipend must also be paid by a student wishing to pursue a directed study. Directed study applications are available in the Registrar’s Office.

INDEPENDENT STUDY PROGRAM (ISP)

Alliance Theological Seminary is a member of Outreach, Incorporated, a consortium of more than 20 seminaries. Seminary-level courses are prepared by member seminaries and offered through the consortium’s Institute of Theological Studies (ITS). Several of these courses form the core of ATS’ Independent Study Program. ISP courses have been approved by the faculty at ATS though the lecturers listed at the beginning of each course are not resident faculty.

The Independent Study Program (ISP) of ATS is comprised of self-paced courses which may be taken for credit or personal enrichment. These audio-print courses include taped lectures, syllabi, study guides, and assignments (including examinations and course papers). Upon successful completion of an ISP course, graduate-level credit is granted, which is applicable toward ATS degree programs.

Policies for Degree Study
The following policies apply when taking Independent Study Program courses for credit toward a degree program:
1. No more than 20% of a degree program may be fulfilled through courses taken independently (combination of ISP courses & directed studies).
2. Independent Study Program courses are intended primarily to complement the study programs of nontraditional students who are not able to enroll under normal circumstances in classes offered at the main campus or external locations.

Financial Information
1. Tuition: Regular
2. Audit fee: Auditors may order materials for one-half of the regular tuition fee.
3. Course materials: Included in the tuition fee. If a student drops or withdraws from an ISP course during the full-refund period, the cost of the materials will be added to his/her student account.

ATS reserves the right to adjust tuition, fees and academic offerings without notice.

Registration Options for Degree Study
1. Semester plan. ISP courses may be included in a student’s registration for a given semester. Upon submission of an ISP Course Enrollment Form to the Registrar’s Office, the course will be added
as part of the student’s semester schedule. The course is then subject to all academic & financial policies and timetables that normally govern any other semester course. Registration for ISP courses in this manner allows for their inclusion in the calculation of a student’s enrollment status (FT/PT). Grades are noted on the academic record & included in the computation of the student’s GPA.

2. **6-month plan.** Registration & commencement of a course can occur at any point within the academic year and is initiated by the submission of the ISP Course Enrollment Form to the Registrar’s Office. Course completion is scheduled six months from the day on which the course materials are ordered. Academic & financial policies and timetables are noted below. Courses registered for in this manner are not credited to a student’s academic record until after they are completed and graded. Consequently, such courses are not included in the calculation of enrollment status (FT/PT). Additionally, grades are not noted on the academic record nor computed in the GPA.

a. **Course Extensions.** A one-time extension of up to six months may be requested in the case of extenuating circumstances ($15 fee). This request must be made at least 30 days before the original course due date.

b. **Incomplete Course Work.** If a student does not complete the course by the original due date (six months from the date materials are mailed), and if he or she does not apply for an extension at least 30 days before the course due date, the student will be dropped from the course at the due date. A student failing to complete a course may re-enroll by paying the tuition fee in effect at the time of re-enrolling and by following the requirements of the syllabus and study guide in effect at the time of re-enrolling. Upon re-enrollment the student may take six months to complete the course.

c. **Inactive and Re-enrollment Status.** In the event a student encounters extenuating circumstances, which prevent timely completion of the course, s/he may apply for inactive status by appealing in writing to the Academic Dean. A $15 processing fee is charged and should be enclosed with the written appeal. The deadline for this appeal is no later than three months after beginning the course. The student may remain in an inactive status for a maximum of 12 months. At the end of the inactive period, s/he may re-enroll in the course upon payment of any difference in tuition between the first and second enrollment times. An additional six months will be granted for completion
Independent Student Program (ISP)

of the course once lifted from an inactive status. Should the student not re-enroll at the end of the inactive period, she or he will be automatically dropped from the course.

d. **Refunds**: Upon written notice of withdrawal from a course, tuition is remitted according to the following timeline (commencing with the date that course materials were ordered for students within North America):
   - Within 15 days 75% refund
   - Within 30 days 50% refund
   - Within 60 days 25% refund
   - After 60 days No refund

The seminary also affirms and honors the consensual, moral traditions of the church whose students we seek to prepare for the ministries of Christ and to whom we are accountable for the quality of students’ formation.

The seminary is committed to embody in its life and uphold in its teaching the imperatives of scripture as affirmed by the broad stream of Christian belief and thought over the millennia. Beliefs and values, lifestyles and habits, attitudes and practices which are excluded by the Gospel, either by its direct and clear teaching or by its overarching and pervasive understanding of the nature of the relationship of human beings with one another and with God, cannot be affirmed or accepted within the seminary community. The test is available from the U.S. Embassy in each country or from the Educational Testing Service, Princeton, NJ 08450 USA. Results should be sent to school code 2560. A score of at least 550 (paper-based)/213 (computer-based) is required for consideration of admission.

The U.S. Immigration and Naturalization Service requires that full proof of financial support (including education costs, living and travel expenses) be submitted to the Office of Admissions before the I-20 AB form for entrance to the United States can be filed. Students need the Form I-20 to obtain an F-1 student visa or to keep lawful F-1 status when transferring or changing schools in the U.S. Appropriate visa application forms will be sent to the student upon receipt of an acceptable affidavit of support. Questions regarding visas should be addressed to the Designated School Official in the Admissions Office.

International applicants must submit their applications by June 1 if intending to matriculate in the fall semester or by November 1 for spring semester. The application file should be completed (including TOEFL scores, transcripts, financial documentation, etc.) at least 60 days before the arrival date in order to allow time for the student to receive certification from the Alliance Theological Seminary of eligibility to study (Form I-20) and apply for the F-1 visa.

Transferring students already present in the United States do not need to receive our I-20 before beginning classes at ATS. Full proof of financial support, however, is necessary in order to receive a new I-20 AB and maintain lawful status.

Employment is strictly regulated by the U.S. government (see Employment section on page 103). International students are permitted to work on campus as jobs are available, but not for more than 20 hours per week during the regular semester. Campus employment wages should be considered as supplemental income only.
Admissions

International students are required to maintain valid immigration status throughout their stay at ATS in order to remain in good standing with the seminary. Students should direct all questions related to maintenance of good status to the Designated School Official in the Admissions Office.
Student Life and Services

STUDENT LIFE

The ATS Community
At Alliance Theological Seminary, people are more important than programs. The precedent for such a belief is divinely established by the God who created people in His own image and holds this creation to be of inestimable value. It is also seen in the Incarnation of Jesus Christ who was not only fully God but fully human as well. Christ came to people. He is still coming to them today and encouraging them to become His people.

The ATS community is one small segment of God’s pilgrim people. We are committed to serving others and inviting them to become part of His Kingdom. This commitment reaches outward to those needing to be reconciled to Christ and inward to those needing to be ministered to within the body of Christ. It is carried out by proclaiming the gospel of reconciliation, both as individuals and as a community.

Seminary Life: The Spiritual Dimension
Formal and informal activities within the ATS community help develop the student’s spiritual life.

Encounter with God and His People! (Chapel): Because spiritual formation takes place in corporate and individual contexts, faculty and students, administrators and staff gather together regularly for worship and community. Encounter is designed to facilitate an encounter with God and His people. These often informal times provide dynamic interaction with peer mentors, as well as mentors from ATS, local churches, para-church ministries and missions. We gather at various times throughout the semester, in different locations on campus for times marked by joy, as we connect with God and each other. Whether students are part-time or full-time, or attend day or evening classes, all can participate in Encounter.

Prayer: An atmosphere of openness encourages students to share prayer requests in confidence and with the whole body. Prayer chapels, a special prayer room, and student led prayer groups help to sustain the spiritual climate of the seminary.
**Student Life and Services**

**Student Body**

Students choose ATS for various reasons. Some intend to pursue traditional ministry careers, while others are seeking to gain personal enrichment and more effective ministry skills.

Some reside on the main campus, while many choose to commute, taking advantage of the convenient class schedule. Whatever the case, ATS is a community of men and women committed to furthering their ability to minister the word of God effectively. They are a diverse group of individuals who come from a variety of backgrounds. Such diversity provides a rich learning environment. The opportunity to study with colleagues who possess different worldviews and ideas challenges each student’s thinking.

**Orientation**

Long before the students arrive on campus, the faculty and staff are praying for them. In weekly prayer meetings, they ask God to direct the students of His choosing to ATS.

To help each new student adjust to seminary life, an orientation session for new students is scheduled each fall and spring.

**Student Housing**

Limited on-campus housing is available to married and single students at the Rockland campus, with priority given to full-time students. Assignments for campus housing are based upon the date of the completed application for admission and the application for housing. Students are encouraged to complete the application process as early as possible to obtain the optimum consideration for housing.

Inquiries and applications for campus housing are made through the Housing Office located on the campus of Nyack College. This office also seeks to help students with information about off-campus housing opportunities.

Students may apply for residence in Jaffray Hall, Shepherd Hall, Barney Hall, and Hillside Terrace. Apartments are equipped with kitchen stoves and refrigerators. Laundry facilities and limited storage are also available.

Basic furniture, such as a bed, dresser and desk, may be supplied for single students. Married students are expected to supply their own furniture.
Employment
Some on-campus work is provided through Nyack College and ATS employment. Part-time campus work is generally in the areas of maintenance of buildings and grounds, food service, bookstore, library and offices. Off-campus employment is readily available in the town of Nyack and the local vicinity, in both skilled and non-skilled positions. Available positions are regularly posted online at www.nyack.edu/career.

Because of Immigration and Naturalization Service regulations, international students on F-1 visas are limited to on-campus employment (20 hours per week while classes are in session; 40 hours during vacation times). Student spouses on F-2 visas are not permitted to work under any circumstances.

Ministry Opportunities
Opportunities for ministry are available both on and off campus. The ATS chapel services afford students the opportunity of involvement through music, drama, speaking or preaching. Ministry opportunities, both paid and voluntary are available through local churches. Mission trips and international field education experiences provide occasions for ministry abroad.

STUDENT ORGANIZATIONS

Cultural Groups
Cultural groups within ATS allow students to fellowship and network with others from their own cultural backgrounds. These student groups include the Korean Student Fellowship, the Black and Latino Fellowship, and the Chinese Fellowship. Each has regular meetings and sponsor activities for their communities, as well as for the entire ATS community.

Student Life Committee
Each year a Student Life Committee is chosen to represent the diverse needs of the community. Membership on the committee includes representation from a cross-section of the student population and members of the faculty. The purpose of the committee is to advise the seminary in the development of programs and services that will enhance community life.

The Missions Committee
The Missions Committee is a student group that plans and organizes missions-related events and promotes campus awareness of and
Student Life and Services

involvement in missions. The members include student representatives from all the major ethnic groups on campus and the Missionary-In-Residence, who helps with advising. This committee is responsible for the Festival of Missions Week held during spring semester.

CAMPUS AND COMMUNITY SERVICES

Bookstore
Students may purchase their books independently, or through a private vendor who comes to campus at the beginning of each semester.

The college bookstore, located in Boon Campus Center on the Nyack College Campus, stocks academic supplies, devotional books, music, greeting cards, sportswear and gifts. A special order service is provided for books and music not in stock.

Health Services
A licensed Registered Nurse keeps regular office hours in the Health Services Office in Boon Campus Center on the Nyack College campus. Vaccines, allergy shots and minor health problems are treated during these hours. A hospital and an emergency care clinic are located nearby in Nyack. Consult the Student Handbook for details.

Health Insurance
All full-time students must be covered by a health insurance plan, and must show proof of coverage at registration. For those students who do not have current insurance coverage, ATS provides a health care insurance plan. Coverage is also available for the student’s dependents. A brochure detailing the benefits is available in the Registrar’s Office.

Post Office
A United States Post Office is located in Boon Campus Center on the Nyack College campus. Hours are Monday-Friday, 8:30 a.m. - 4:00 p.m. Please consult the Student Handbook for further details.

Athletic Facilities
The Nyack College athletic facilities are available to ATS students. The gymnasium, athletic field, field house and fitness center are located on the Nyack College campus. The gymnasium is available at the times posted for individual or intramural recreation.
The Wider Community

A wider community outside of the Alliance Theological Seminary family influences the life of each student and offers many opportunities for involvement. A number of Christian and Missionary Alliance churches, as well as other evangelical churches are within convenient driving distance from the seminary. Resident students usually have little trouble finding churches where they can comfortably worship. Many students become members of local congregations, which become their church “home-away-from-home.”

The Village of Nyack is a quaint town situated on the Hudson River. Although small, it fosters a cosmopolitan atmosphere without many of the difficulties of big-city living. Numerous cultural events, festivals, art shows and community activities take place throughout the year.

The Rockland campus is about a 45-minute drive from Times Square in New York City and an hour away from three major airports. The activities and places of interest in the city make it a vibrant and exciting place to visit. Many state and local parks are also in the area, where many enjoy the beautiful scenery of the Hudson River Valley.
Financial Information

THE AFFORDABILITY OF ALLIANCE THEOLOGICAL SEMINARY

In a day of escalating graduate educational costs, ATS remains one of the most affordable evangelical seminaries. Consider the following factors:

- The average student aid award exceeds $1,000 per student, excluding loans.
- Employment opportunities are available in the vicinity, allowing students to find suitable part-time jobs.
- Students can choose a convenient payment plan by paying one-third of their semester bill at registration and extending payments over the course of the semester. A 1.5% service charge will be assessed on the remaining balance each month.

FINANCIAL AID

Financial aid is available from two sources: Federal Stafford Loans and institutional aid (grants and scholarships). Students should apply for all types of aid through the Office of Student Financial Services where the forms are processed.

Recipients of all institutional scholarships are selected by the seminary’s Scholarship Committee from among those who submit applications. To be eligible for ATS scholarships or other institutional funds, students must carry a minimum of 12 credits per semester, which may include the adjacent short term. Failure to do so will result in the forfeiture of the aid. Institutional aid is limited to a cap of $3,000 per year. Exceptions are the King, Newbern and Price Scholarships, which carry an award of $4,000. Federal loans may exceed this amount, but in no case will students receive an award greater than the cost of attendance as determined by federal standards.

Institutional Funds

Graduate Assistantships

Graduate assistants are assigned each semester to assist professors with duties related to their classes and personal research. The maximum time required is 10 hours a week, and the grant is $900 per semester. A student must be full-time, and have a grade point average of 3.0 or better to apply for a Graduate Assistantship. Institutional grants are funded by the seminary and are offered to students their first semester of full-time study at the ATS campus in Nyack, NY. Full-time status is defined as a minimum of 12 credit hours per semester. Unless otherwise stated, a grant is renewable by maintaining a minimum cumulative GPA of 2.5. Grants and scholarships lost due to low GPA may be reinstated if a student regains the minimum necessary GPA. Appeals should be directed to the Office of Student Financial Services. There is a cap of $3000 per student per academic year for combined grants and scholarships. Grants and scholarships will be awarded 50% each semester.

Alliance Education Leadership Grant: $2000 per year is awarded to new students receiving their bachelor’s degree after December 1, 2000 from colleges affiliated with The Christian and Missionary Alliance. Students must enroll at ATS within nine months of their graduation.

Tuition Grants - Rockland Campus

Spouses of full-time students (12 or more credits per semester) may take up to three credits per semester and receive a tuition grant. A registration fee and vehicle registration fee must be paid. They must apply and meet all the admission requirements and register as any other student. All additional tuition and fees must be paid if more than three credits are taken. All alumni, as well as missionaries and clergy who are actively involved in ministry, may apply to the Office of Student Financial Services to audit one course and receive a grant for the tuition. A registration fee and vehicle registration fee must be paid.

Individuals over 60 years of age may audit courses and receive a grant for 80% of the normal audit tuition. A registration fee and vehicle registration fee must be paid.

Institutional Grants - ATS-NYC (Manhattan Campus)

Financial aid is determined on a semester basis and on the number of credits taken. The awards for part-time students are:

- 3-5 credits - $140.00
- 6-8 credits - $300.00
- 9-11 credits - $440.00

Full-time students (12-15 credits) receive an award of at least $1000 per semester.

Federal Funds

Stafford Loans

Subsidized Stafford Loans are awarded to students who demonstrate financial need. Because the U.S. Department of Education subsidizes the interest, borrowers are not charged interest while they are enrolled in school at least half time and during grace and deferment periods.

Unsubsidized Stafford Loans are awarded to students regardless of financial need. Borrowers are responsible for paying the interest that accrues during any period. To apply online for Stafford loans, go to: www.FAFSA.ed.gov.
APPLICATION FOR FINANCIAL AID

Students accepted to ATS who take at least 12 credit hours in a semester may apply for institutional financial aid. To be eligible for scholarships, grants, and graduate assistantships, a student must have a grade point average of 2.5 or greater (see King, Newbern, and Price scholarships for specific GPA requirements).

Students wishing to receive financial aid must complete the aid application process in order to be considered. Financial aid application packets are available in February each year for the subsequent academic year.

ATS uses the Free Application for Federal Student Aid (FAFSA) and the seminary’s own application form to determine eligibility. Apply online at www.FAFSA.ed.gov.

Please remember that it takes 4-7 weeks for this processing to be complete. Students must allow time when returning their financial aid and scholarship application to meet the deadline for scholarships and graduate assistantships.

Institutional aid is awarded in April for the following academic year. Limited aid may be available after this point.

SEMESTER PAYMENT PLAN

Any student unable to pay all semester charges at registration may arrange to participate in the ATS Semester Payment Plan. The students are required to pay one-third of the bill at registration and one-third each month thereafter until the balance is paid. All monthly balances will receive a finance charge of 1.5%.

FINANCIAL REGULATIONS

Change in Enrollment Status

A change in enrollment status (i.e. adding/dropping classes) may change a student's eligibility for institutional and federal aid. Any student who drops below full-time status is not eligible for institutional aid (Rockland Campus). Any student who drops below half-time status is not eligible for federal loans.

In no case will students receive an award greater than their need as determined by federal standards. If a student's budget changes due to a loss of credits, federal loans may need to be returned.
Financial Information

Withdrawal/Change in Enrollment

Any change in a student’s full-time status (12 credits per semester) may affect their eligibility to receive financial aid (loans) and or institutional grants and scholarships.

If the student withdraws from the seminary, federal regulations dictate a repayment policy for students receiving Title IV aid (Stafford loans). The Office of Student Financial Services will calculate the amount "earned" by the student by determining the percentage of the period of enrollment that was completed. Nyack College/ATS will return the FFELP Loans (Stafford subsidized and unsubsidized loans) to the lender as governed by U.S. Department of Education regulations.

Renewal of Aid

Institutional aid is awarded yearly. Students must apply every year through the Office of Student Financial Services to be considered for scholarships. Federal loans must be applied for yearly. Students can apply online at: www.FAFSA.ed.gov.

Credit Balance Authorization

Any "Credit Balance" on a student account will be used first to cover all education and non-educational-related expenses. The remaining credit balance will remain on the student’s account until the student notifies the Office of Student Financial Services by submitting a completed Credit Refund Request Form. The student must have a credit on their account over and above tuition, fees and rent for the current term in order for the refund to be processed (see page three from the housing handbook). Refunds will be processed within 7-14 days of the request.

Payment of Account/Outstanding Balances

Alliance Theological Seminary does not have invested reserves to apply to its operational budget. Therefore, students are not permitted to run accounts in arrears. We urge applicants and students to keep this in mind and make proper provision or arrangements to meet all financial responsibilities promptly.

Degrees, diplomas or transcripts of credits will not be provided to students who have any financial obligations to Alliance Theological Seminary. Students with an outstanding balance at the end of any given term may not register for the next semester, may have all credit for the semester reversed, and may not participate in commencement exercises.
Refunds

Upon registration, students assume full financial responsibility for all charges for the semester. Withdrawal from the seminary, or dropping individual courses does not relieve the student from these obligations except for tuition charges refunded on the following scale (withdrawal from classes, from the day the semester officially begins):

<table>
<thead>
<tr>
<th>Time Frame</th>
<th>Refund Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>Within one week</td>
<td>100% refund</td>
</tr>
<tr>
<td>Within two weeks</td>
<td>80% refund</td>
</tr>
<tr>
<td>Within three weeks</td>
<td>60% refund</td>
</tr>
<tr>
<td>Within four weeks</td>
<td>40% refund</td>
</tr>
<tr>
<td>Within five weeks</td>
<td>20% refund</td>
</tr>
<tr>
<td>More than five weeks</td>
<td>0% refund</td>
</tr>
</tbody>
</table>

For example, a student dropping a class, or fully withdrawing from the seminary, in the second week of a semester receives a refund of 80% of the semester’s tuition fees. Refunds in the intensive short programs are made proportionately. Thus, three class hours in a three-credit class is considered one week in a semester.

SATISFACTORY ACADEMIC PROGRESS POLICY

Federal and state regulations require the seminary to establish and apply reasonable standards of satisfactory progress for the purpose of the receipt of financial assistance under the programs authorized by Title IV of the Higher Education Act. The law requires institutions to develop policies regarding satisfactory academic progress (SAP). Each institution must design criteria which outlines the definition of student progress towards a degree and the consequences to the student if progress is not achieved. Alliance Theological Seminary students who wish to be considered for financial aid must maintain satisfactory progress in their selected course of study as set forth in this policy.

Institutional Policy: The Registrar's Office evaluates student academic progress three times during the academic year. This occurs after the fall and spring semesters. Students are evaluated on the basis of cumulative grade point average (GPA), credit hour completion and maximum time frame limitations. Students who have completed the coursework for the degree or certificate they are pursuing cannot receive further aid for that program.

Grade Point Average: To receive financial aid, a student must maintain a minimum qualitative measure of progress defined as cumulative GPA. The minimum cumulative GPA is 2.5/4.0.

Credit Hour Completion (Incremental Progress): Students are also required to meet a measure of incremental progress. Students in a
Financial Information

degree program must complete a minimum of 12 hours per academic year or within 12 consecutive months from date of enrollment in order to be eligible for federal student loans for the following year.

Maximum Time Frame Limitation (Degree Completion): Students are also subject to a quantitative measure of progress. Master of Divinity students are eligible for federal student aid for eight calendar years from the time of matriculation. Master of Professional Studies students are eligible for federal student aid for six calendar years from the time of matriculation. Master of Arts students are eligible for federal student aid for five calendar years from the time of matriculation.

Institutional Procedures: Students are notified of the SAP policy in the seminary catalog, various mailings, and along with their annual financial aid award letter.

Denial: A student will be denied federal student assistance if SAP is not maintained.

Probation: A student will be placed on a one-semester probation if SAP is not established. The student will not be eligible for federal student aid during the probationary period while eligibility is being re-established.

Notification: Students are notified early in the spring semester, early in July and early in the fall semester if they are in danger of not making SAP.

Appeal Process: Any student denied financial aid because he/she did not meet SAP and is placed on limited academic probation or who can prove special circumstances (i.e. serious injury or illness and death in the family) may appeal the case. An appeal letter may be submitted to the Student Financial Services Office to request a waiver of the SAP standards for a semester. The Academic Dean, Registrar, and Director of Student Financial Services will make the final determination.

Consequences of Denial: If a student's financial aid appeal is denied, he/she then enters the probation period without federal and institutional financial assistance.

RESIDENT FACULTY

The ATS faculty is a group of scholars who care deeply about students and their development as effective ministers in today’s complex world. They see education as more than the communication of facts and ideas; it is the shaping of individuals. Faculty members are involved in students’ personal and academic lives. At any given time, they may be together discussing ideas, laughing, worshipping, planning or praying for each other’s concerns. This, perhaps more than any other aspect, characterizes the commitment of the ATS faculty. By example they demonstrate what it means to live holy lives unto a holy God.
