2021-2022 Dependency Override

Federal Financial Aid regulations state that the Institution's decision to override a student's dependency status must be made on a case-by-case basis, justified by an individual student's unusual circumstances, and must be documented in the student's file.

- The parent's unwillingness (vs. inability) to assist the student is not, in and of itself, grounds for a dependency override.
If the student does not meet the federal definition of being independent as described in the FAFSA, the student may request that the Office of Student Financial Services make a waiver of the dependency status on the basis of documented extenuating circumstances.
Students appealing for independent status will be expected to provide ALL required documentation.
The Office of Student Financial Services at Nyack College will NOT automatically accept a request for independent status granted by another institution.
You must complete this form and attach ALL applicable documentation to be considered for independent status at Nyack College.
Renewal of the dependency override is NOT automatic. If this request for independent status is approved, it is granted ONLY for the 2021-2022 academic year.

To complete an appeal, answer all the questions, attach the requested documents, and sign and date this form on the back. Submit this form to the Office of Student Financial Services and allow at least 2 weeks for processing time. You will be notified of the results by mail, e-mail or phone.
